Metra plan excites area villages

by THOMAS STEVENS
Lakeland Newspapers

The announcement of the proposed Metra commuter line to service northern Lake County villages has created a buzz among area residents who have to commute daily to Chicago.

Under the Metra proposal announced this week, county villages along the Wisconsin Central line could be connected to downtown Chicago and O'Hare International Airport trains by September 1995.

'We are really happy about the line coming to Antioch. It will really be a shot in the arm for us.'

—Robert Wilton

"We are really happy about the line possibly coming to Antioch," said Antioch Mayor Robert Wilton. "The Metra service is what this community

needs. It will really be a shot in the arm for us."

The proposed commuter line would connect Antioch, Lake Villa, Round Lake Beach, Grayslake, Mundelein, Vernon Hills, Lincolnshire and Buffalo Grove to trains that already service O'Hare area communities.

Lake Villa Mayor Joyce Frayer said that despite the Metra announcement, Metra still has to acquire federal and state funding to begin the project, which could run some \$46.7 million.

"We really haven't talked much about any future plans because Metra still has to secure some funding before the line can proceed," said Frayer.

Both Antioch and Lake Villa have already purchased property for a station and parking, which would be the local municipalities portion of the proposed Metra agreement.

Antioch, according to Wilton, bought the property along Depot Street some five years ago anticipating a commuter train (Continued on Page 8)

Dist. 117 plans include positive change at ACHS

by THOMAS STEVENS
Lakeland Newspapers

The Antioch Community High School District 117 Board of Education, after extensive study and public input, announced that it will seek to eliminate a huge deficit and build a second school facility.

The board announced the placement of two referendum issues on the April 20 ballot in response to space and financial problems after a Feb. 9 public meeting.

According to ACHS Board member

Larry Peterson, who is also serving as the board's referendum committee chairperson, the school board will seek a \$25 million building referendum to construct a new facility for the juniors and seniors of the school district.

The building referendum, which was the final option under the board's five-part building proposal offers a split campus format with freshman and sophomore students located at the present Antioch site while the juniors and seniors move to the new Polley Field facility.

"The split campus option meets both the short and long term goals of our district because it offers little disruption to the education process during construction," said Peterson.

Other positive aspects of the proposal, according to Peterson, include school flexibility for growth and new high tech facilities for the instruction of the district's teenagers.

Peterson added that all major sporting events and most extracurricular activities would remain at the Antioch site.

The Antioch site would receive 21,000 square feet of additions and 22,000 square (Continued on Page 7)

Wilton wins ballot lottery

Antioch Mayor Robert Wilton won the coveted top spot on the April 20 ballot in the race for Antioch Township Supervisor.

Wilton won the lottery for the top spot over incumbent Jim Fields, Judy Martini and Lisa Rudek.

With Wilton first, Martini placed second, Rudek third, while Fields will round out the ballot for the April 20 election.

"I am really excited about winning the top spot on the ballot," said Wilton. "I hope this is what will happen come April."

ACHS parent awareness night

The Antioch Community High School Student Assistance Program will be hosting the final Parent Awareness Night for the 1992-93 school year on Feb. 23 at 7 p.m. in the ACHS commons.

Anne Meyer, prevention specialist, will speak on "Parenting for Prevention." Meyer has been a past president and currently serves on the Advisory Board for the National Federation of Parents for Drug-Free Youth.

Cedar Lake Rd. going to 4 lanes

ROUND LAKE BEACH—Work on Cedar Lake Rd. now underway is a sample of more to come. Starting in April there will be massive reconstruction to widen the well-traveled thoroughfare to four lanes from Rollins Rd. to the Round Lake village limits. Village crews have installed a new 12-inch water main. Commonwealth Edison Co. crews will start burying underground electric cables at the rear of properties. Both projects are in advance of full-scale construction this spring and continuing until fall. At least one lane of traffic will remain open at all times.

Hearing on rezoning continued to Feb. 25

FOX LAKE — The debate continues over the proposed rezoning and possible annexation of 182 acres along Rte. 12 south of Fox Lake. The public hearing before the Fox Lake Zoning Board Feb. 10 drew so many people the meeting had

to be continued at Grant High School the following evening. An even larger crowd turned out at the high school. More questions than answers were generated during the meeting, which lasted over four hours. Zoning Board Chairman Greg Murrey continued the meeting until Thursday, Feb. 25 at the village hall. If the crowd is again too large for the hall, the meeting will be reconvened sometime in early March at the school, Murrey said. The controversy involves the petition by A.R. Land Co. and Glenview State Bank for the rezoning of six parcels of land from county to village standards. A proposed asphalt plant on one of the parcels in the fly in the ointment.

Community has a big heart for Michael

LAKE ZURICH—The community of Lake Zurich turned out in full force to support one of its own in the "Have A Heart for Michael" campaign, Valentines Day. The parishioners at St. Francis de Sales Church made Valentines Day, a day to remember Michael Poretto by soliciting funds to help out his wife Susan with his mounting medical bills. Church members collected funds outside of local stores and special collections were taken at Mass to benefit the fund. A bake sale and different raffles were also held. In all \$18,000 was raised.

Traffic backups will end for Rte. 120 cars

HAINESVILLE—Mile-long traffic backups to Grayslake on Rte. 120 could soon be history. A state Department of Transportation study of two traffic signals on Rte. 120 shows they are not synchronized with the traffic. The signals will be coordinated with the installation of new equipment that will also allow police to control the lights manually. The work is expected to be completed in March.

Town rejoins council for Rte. 53 alignment

WAUCONDA — Wauconda voted to rejoin the North-eastern Illinois Planning Commission Corridor Council in order to determine whether or not realignment of Rte. 53 via Rte. 12 would be the best solution for realignment. Should the alignment change to include Rte. 12, the highway would become a major interstate that traveled through the village, officials said. Wauconda canceled membership to the Corridor Council Nov. 8, 1990. Other options for Rte. 53 realignment include passageways through Lake Zurich, Hawthorn Woods and Long Grove.

Hit and run leaves victim hospitalized

MUNDELEIN—The aftermath of a party has left one woman hospitalized and the host arrested for allowing minors to consume alcohol. Marjorie M. Talbot, 20, of 105 N. Prairie, was transported to Condell Hospital in Libertyville by the Mundelein Rescue Squad after being found lying in the middle of the street at 1:01 a.m., Feb. 13. Talbot allegedly left the party at 361 S. Walnut, apartment 130 following a dispute and became the victim of a hit and run driver. She suffered a broken pelvis and numerous facial cuts in the incident. At press time, she was listed in serious condition at Condell. Joseph B. Newburg, 23, host of the party, was cited for allowing minors to consume alcohol. Several party-goers were under the age of 21, according to police.

Horse arena plan wins trustees' nod

WADSWORTH—A Wadsworth trustee is opposing the approval of an arena barn for horses because it lies in a one-acre residential district and varies too much from the zoning requirement and variances of the village. Trustee Ken Furlan said the request, by the land-owner Steve Olson to build on a residential area is not in line with ordinances and variances of the village and is inconsistent with their votes in the past. Trustees approved the the request by a 5-1 vote with Furlan voting no.

Fire district contract gets approval nod

LAKE ZURICH—With the yes vote of the village board, the Lake Zurich Rural Fire Protection District and the Village of Lake Zurich have approved a new contract following nearly a year of negotiation. The most significant changes in the contract include a three-part formula on which payment is to be based and the length of the contract as well as an arbitration agreement to settle disputes. The fire district services North Barrington, Kildeer, Hawthorn Woods, Deer Park and unincorporated areas of Ela Township.

Middle School talk set at Woodland

GAGES LAKE—As the third in a series of parent awareness programs, Woodland Dist. 50 will host John H. Lounsbury as the guest speaker to discuss "Middle School Movement". The author's talk will be at 7 p.m. Feb. 25 at Woodland Junior High. He will also address staff members the next day.

Meier appoints Busch as new chief of police

FOX LAKE — It could end up being short, but it was certainly sweet for Jim Busch when he was appointed chief of the Fox Lake Police Department Tuesday night. "I'm very happy — I'm elated," said Busch, formerly a lieutenant. "It's been a long time coming. I'm glad to see there was no dissent by any of the board members." Fox Lake Mayor Frank Meier appointed Busch, who had been serving as acting chief since Ron Nagel retired last fall. Busch will also go up in pay grade, retroactive to November of 1992. Meier's term ends after the April 20 elections, and Busch would like to keep his new position. "The new mayor can appoint someone else," Busch said. "Hopefully, it will be me."

Maybe He's Right

Hi. I'm somebody who used to live in Fox Lake and still gets your newspaper. This is in response to the Lipservice "Doughnuts, Coffee and Cops." This individual seems to feel that one officer is enough at any one time. He may be right. He had better hope and pray that the officer isn't busy when he has a problem when somebody is robbing his house. In addition, he's complaining about their salaries. Maybe he is right. Maybe they are paid too much. Then, when their widows are left, because every once in a while one of them gets killed in the line of duty, the money that goes to them should be cut in half, too. By the way, he says all they do is sit around and drink coffee and eat doughnuts all day long. He may be right. But, every once in a while, these individuals put their lives on the line to make sure people like you and I can walk the street. By the way, I'm not a police officer, but I do have an awful lot of respect for them. Take care and God bless.

We Are Not Mayberry

I'm calling to respond to a couple of Lipservice calls regarding the Grayslake Police Dept. I can't believe that there are people out there who consider Grayslake to be like Mayberry and they would promote cutting the police staff. With our close proximity to Waukegan, North Chicago, Mundelein and Round Lake, Grayslake could have some of the same problems develop, such as gang activity. Grayslake isn't a quiet, rural community; we are a suburb of Chicago. It concerns me that people would consider Grayslake an island and want to run and operate the police department the same way.

Adopt Dress Codes

I'm from Green Oaks and I also support the school dress codes. I think that children don't need to spend so much time worrying about what type of designer outfits or cool clothes they have as opposed to worrying about their studies and being decent human beings. The dress code is a great idea, especially for high school and grade school.

School Or Village Board

I just read your Feb. 12 issue of the Wauconda Leader and I have one question. Is the Citizen's First Party running for school board or village board? It seems to me that the only thing they talk about is the school and how much more money should be given to the schools. I would like that addressed.

Unjust In Lindenhurst

The police are to protect, not harass the residents of Lindenhurst. They are issuing unwarranted tickets for offenses that have not been committed. The Lindenhurst Police are for ticket and profits. They are supposed to serve and protect. We hope the Lindenhurst policy will be changed to make it fair and honest for everyone.

Take A Brick And Smile

I've got a great way to take care of the Avon Hotel problem in Hainesville. For everybody who doesn't like the building, let's each take one brick. I bet it won't be there for more than a week. I'm from Round Lake Park.

You'll Fit Right In

I'm calling from the Round Lake Beach area and this is in response to the person in Fox Lake who feels entitled to park in handicap parking spaces because there aren't enough people for those spaces. According to Webster's Dictionary, brainless means stupid. Stupid means mentally slow or senseless. A handicapped person is physically or mentally slow. So you are, in fact, entitled to park in the handicap parking spot because I believe that you do fall into this category. Unfortunately, I think there are plenty of people just like you to fill up these spaces.

Lakeland
Newspapers

I Voted For Bush

This is in response to Clinton's first month in office. Don't blame me; I voted for Bush.

You'll Need Some Cash

I'm talking about these school referendums. I hope the people in the Lake Villa and Antioch areas will have lots of money come next year. We already have a referendum we'll be paying for this year. Next year, they want to hit us with the library and high school? I'm sorry, but I don't have that kind of money. I'm a senior citizen and I sent my kids to the Catholic school and still paid for the public school. Just look at the kind of education they are getting. I don't care what kind of school you build; they're not going to turn out kids that should learn like when we went to school. We really learned. We might not have had all the computers and all this other mucked-y-muck stuff, but at least we had a good education.

Ignoring The Problem

I'm curious as to why the newspapers and various media have chosen to ignore the problems that are plaguing our schools? The other day, Feb. 11, in the school lunchroom, a gun was pulled out during a fight. I know this to be a fact because I talked to an adult who was there. I should also add that earlier in the day, a student was beaten up in back of the school. Maybe these two incidents are related. Why does the city and media avoid the problem? I feel that the school, village and police have made every attempt to hide this problem from us.

If we are not allowed to know what is going on in our community, how are we ever going to solve this problem?

Rude Chairman

I attended the Fox Lake village zoning board meeting on the asphalt plant and I would like to say that we are very upset with the board chairman's rudeness to people who were speaking pro and con on the issue. His attitude is terrible for him to be chairman.

Dirty Dog Doings

We're new to old Grayslake and we can't believe what we see. Someone with a big black dog lets him relieve himself in the streets. Can't this person carry a pooper scooper. These aren't little piles. The dog and his "do" are very large. Thank you.

Overtaxed And Angry

We're Ingleside residents in the Emerald Estates subdivision. We are new to the area. One of the reasons we bought in the Ingleside area was because we thought the quality of life and taxes were affordable. I can't believe that three other areas in Ingleside are taxed 20 percent higher than other homes. I think this is an awful lot. How do we get any action?

Hanson, SWAT tackle Antioch growth issues

by THOMAS STEVENS
Lakeland Newspapers

With the election just two months away, Antioch Trustee Larry Hanson continues to show many Antioch voters why he might be the leader for the future of Antioch.

Using Valentine's Day as a backdrop, Hanson's Start Working for Antioch's Tomorrow party gathered at the Antioch VFW to meet with many of the village's concerned citizens and discuss their concerns.

Mayoral candidate Hanson, and trustee candidates Kathy Allen, Ed "Koz" Koziorowski and Vince Lightfoot, used the forum to inform the voters and disclose some of their plans and ideas on issues facing the village and what it will take to successfully lead the village into the 21 Century.

One of the issues tackled by Hanson

was the effect that continued growth and development will on Antioch and its neighboring communities.

"The growth and development in each village will effect the others and the area villages should explore new ways of working together to provide a broad

'Future growth, however, must still maintain the high quality of life for all our citizens that we now enjoy.'

—Larry Hanson

regional planning basis for orderly growth that will minimize the negative impact of the development and maximize the positive effects of it," said Hanson. "Future growth, however, must still maintain the high quality of life for all our citizens that we now enjoy."

Another issues addressed by Hanson were the importance of attracting and keeping industry in the Antioch area, and the need for the development of positive programs for adolescents and children, while improving the services for the village's senior citizens.

"Our kids and our older residents are not forgotten, and will not be forgotten by us," said Hanson.

Hanson also acknowledged the efforts and accomplishments of the Against Riverboat Casino group, who successfully placed the issue of the propriety of a riverboat casino on the ballot as an advisory referendum.

"It is through efforts like those of yours that our collective voices can be heard in Springfield and an impact can be made on what happens there," said Hanson.

Antioch residents challenge two township candidates

by THOMAS STEVENS
Lakeland Newspapers

Two township candidates are now holding their breath as challenges to their signed petitions are now filed with the Antioch Township Clerk's office.

Township Supervisor candidate Lisa Rudek and Trustee candidate Carol Riska now must await the decision of a Township election committee on whether or not they will be able to participate in the April 20 election.

According to Township Supervisor Jim Fields, Rudek's petition challenge came from Antioch Township resident Carolyn Jonites, who claims that a number of Rudek's signatures are either non-registered voters or "otherwise invalid."

More than 100 of the 300 signatures Rudek collected are being challenged by Jonites. Rudek needs 225 legal signatures

on her petition to participate in the election.

"I'm sure my petitions are fine," said Rudek. "I'm confident in my signatures."

Riska's challenge came from Antioch Twp. resident Thomas Haley, who claims an number of Riska's signatures are also invalid because they are either non-registered voters or duplicate signatures.

Fields said according to state statutes, the hearing committee will consist of the Township Supervisor, Township Clerk and longest serving trustee.

However, because Fields is running for re-election, a non-partisan person must fill Fields' place on the committee for Rudek's hearing.

"I judge in Waukegan will appoint a person to fill the role for me," said Fields.

Fields said that there were no other challenges to any other candidates running for township office.

Richmond hall almost ready

Richmond officials will begin moving into their new village hall as early as March 1.

The one-story, 5,000-square-foot edifice was built on a budget of \$490,000

and will provide a place for all department heads including the police.

Village Clerk Kate Hellmann said grand opening festivities are planned for early April. The new hall is at 5600 Hunter Drive.

Happy anniversary to Antioch's Jorgensen family

On Jan. 20 of this year, Dick and Betty Jorgensen of Antioch celebrated their 25th wedding anniversary. Their children hosted a huge party in their honor on Jan. 30, at the Moose Lodge in Antioch.

There were approximately 150 guests present and they arrived from many parts of the country. Their sister-in-law, Marge Kitchen, and her family came in from Ontario, Canada and Char and Tom Stanley came in from Wisconsin Rapids. Also arriving from the Rapids were Brian and Matt Stanely, who are Betty and Dick's godsons.

There was a DJ on hand for everyone's dancing pleasure and someone told me my "pal" Eddie Jorgensen was there. I have a question for Eddie, "Do you still have those crayons I gave you back in the sixth grade (many years ago) at Grass Lake School?"

Congratulations, Betty

and Dick, and here's wishing you many more happy years together.

Little dancer

Little six year old Kaja Milovanovic recently entered another dance competition and walked (or maybe I should say danced) away with first place. She did a jazz solo dance in the national Talent Regency Competition. It was held on Jan. 30 at the Schaumburg Marriott Hotel. Her next competition will be in March, and mommy and Cathy promises to keep us posted on the outcome.

Baby makes seven

Pam and John Cardis have been blessed with another beautiful baby boy. James Adam Cardis made his way into the world at 4:30 a.m. on Jan. 16 and he tipped the scales at 9 pounds 4 ounces. Mom has many helpers on hand to aid in his care—his big sisters Jenny, Jessica and Jill and his little (big) brother John

Ray. Congratulations to you all.

Fund raiser

The ACHS Student Assistance Program under the leadership of Cathy Cratty and the ALL Parent Network will be co-sponsoring a delicious Pancake Breakfast on March 7.

This event will be held in the high school cafeteria and breakfast will include pancakes, sausage and juice. A new addition to this year's breakfast will be the "Fresh Fruit Bar" featuring a large variety of delicious fresh fruit. This function starts at 8 a.m. and ends at 12:30 p.m. The cost is \$4 for adults and \$2.50 for children four and up. The proceeds will be shared by both groups and some funds will go toward the annual post-prom activities.

Speaking of post-prom, a lot of fun things are being planned as usual. More details for this after prom event will follow at a later date.

Stay awhile

Michael Mulcahy's grandmother, Dolores Mulcahy, usually drops him off and picks him up from

Sounds good to me, could he help it if they happened to be wearing them at the time. Once again out of the mouths of babes!!

Caught

As much as I hate to admit it I occasionally make a mistake and even commit a bloopers every now and then. The parents at Camp Crayon were kind enough to donate empty tissue boxes for a project. We stored them in a big cardboard box till we were ready for them. The cardboard box was sitting next to the garbage and I inadvertently deposited two boxes in the garbage can in error. Naturally, Miss Marie (eagle eye) had to catch me in the act and the harassment immediately started.

A couple of days later, she was caught in the act of removing two tissue boxes from the big cardboard box and purposefully putting them into the trash in an effort to prove me even more absent minded than I am. Obviously she was overcome by temporary insanity.

She must have forgotten that I write this column and I definitely believe on good (bad) turn deserves another. In case you need a little reminding of your own bloopers, does any of this sound familiar? Who was the one who misspelled Zachary's name on the attendance sheet; who wrote up a treat sheet reminder and forgot to include the child's name on the sheet; who was the one who mislabeled the calendar declaring Feb. 18 as a no Camp Day by mistake; who is the one that makes it up to Rte. 59 and Grass Lake Rd. before they remember to pick up their faithful sidekick; and finally who was the one that always mixes up the crayon colors in the big storage box? Got you!

the Camp Crayon Program. This particular Thursday, Miss Mary and I began chit chatting with her. As we talked, she helped Michael off with his jacket and placed it on the wall hook. Unnoticed by me, she also proceeded to remove her own coat and also hang it up. On the other hand, Miss Mary did notice her do this and assumed she was going to stay for a short visit.

After our conversation ended, Delores picked up her handbag and placed it over her arm. She suddenly realized she had inadvertently taken off her coat. When she realized she removed and hung her coat up by mistake, she began to laugh. I assured her that we all did similar things when our mind was elsewhere and naturally reminded her to enjoy reading her "bloopers" in "Hometown Goodies."

The sound of her infectious laughter lingered as she walked out the door. Belated

I would like to extend a very happy belated anniversary wish to Bonnie and Dan Tybor of Antioch. Bonnie and Dan celebrated eight years of wedded bliss on Feb. 2. Congratulations and much happiness in your years ahead.

Cute story

No names shall be mentioned here to protect the guilty. A certain little tyke, who lives in or about our "Hometown" was reprimanded at school for throwing snowballs at some of his classmates. When dad showed up and asked about this happening, the child's claim to fame was this—"I wasn't throwing the snowballs at the kids. I was throwing them at their coats!"

Once again Antioch Police Officer, Jim Foerster, did an excellent job presenting the DARE Program to the sixth grade

class Grass Lake School. A program graduation was held on Feb. 10 at which time Officer Foerster presented DARE awards to the students successfully completing the program. Once again the school would like to thank officer Foerster for doing such a fine job and once again everyone commends him for his love and guidance on behalf of the young people in our area.

Lotus/Forest

Congratulations are in order for the following Forest School students who were the February Academic winners in reading and math. The reading winners are Diana Taschetta, Geneva Lescher, Scott Misicka, Ashley Eberle, James Kubisiak, Megan Mathiowitz, Andrew Litchfield, and Stephanie Minkalis.

The math winners are Brittany Payton, Katie Kellerher, Kevin Troyan, Keith Scholberg, Chris Kropp, Megan Mielke, Michael Hostrom, Ted Francis and Matt Dykiel. There was an awards assembly at Lotus School on Feb. 8 honoring 85 second and third grade students for various achievements.

Congratulations to all those students and keep up the good work.

feet of remodeling, while the Polley Field site would occupy a new 187,000 square foot building with future growth potential. The cost is estimated by the board at \$25 million. A homeowner with an assessed valuation of \$100,000 would see an \$87 increase if the building referendum passes.

The second referendum the board will seek on April 20 is the Education fund bond increase of \$.36 per \$100 of assessed valuation to eliminate the estimated \$2 million deficit brought on by a loss of state and federal funding during the past several years.

The increase would bring the total amount levied by the district to \$1.68 per \$100 of assessed valuation and would cost a homeowner with \$100,000 assessed valuation an additional \$107.

ACHS Superintendent Dr. Robert Schley said the district lost over \$1 million dollars in state aid the past two years and expects to lose more than \$200,000 next year.

"With an increased number of students and inflation, the deficit is expected to increase," said Schley.

The board, acting on the report provided by the Citizens Advisory Committee, believes that ACHS students are not receiving the quality education they should because of the shortcomings in the educational fund.

Schley, would said the school would not see any benefits of the referendum until the 1994-95 school year, believes it will be a bitter pill to swallow if the

district is left to run on available money as some referendum opponents have suggested.

"We could see severe cuts in the program as we know it," said Schley. "Even if the education fund referendum passes, we will still need to tighten our belts and spend very wisely."

Antioch resident and Better Education, Sensible Taxes member Vern Holmes, who plans to run for the school board next November, believes that a split school format would be more expensive than a single school format and the school must balance its budget before anything else.

"A split school plan will cost the district 20 percent more to run than a one school plan," said Holmes. "There will be a duplication of services and transportation would have to shuttle between the sites between periods."

However, Schley believes the board must plan for the future and the two site proposal fits ACHS the best.

"We must plan for the future of the school district," said ACHS Superintendent Dr. Robert Schley. "With Abbott and other developments scheduled for the district in the next few years, our enrollment will increase. We must find the facilities to educate these kids."

Peterson added that the board agrees there will be some increase in cost to run two separate sites but the two site plan gives the district some time to build the Polley Field campus before destroying the 1915 and 1927 portions of the Antioch campus.

Rotary Club offers college scholarships to ACHS grads

The Antioch Rotary Club is continuing to give college scholarships to ACHS graduating seniors who intend to enroll in school this fall.

To qualify for the numerous scholarships awarded by the Rotary Club, students must either be seeking an associates degree in a two-year program, seeking a four-year degree from a university or four-year college, but plan to first enroll in a community college, or are seeking a bachelors' degree from a four-year college or university.

"Although the number and amount of

the scholarships vary annually," said Ted Axton, chairman of the scholarship committee. "For the 1992 school year, we awarded 12 scholarships totaling \$10,050."

Axton said the criteria for determining scholarship recipients is based on financial need of the applicant, academic achievement, and extra curricular activities.

Further questions about the scholarship, according to Axton, can be answered by contacting the ACHS Guidance Office.

ACHS Varsity Cheerleaders earn a state berth

The Antioch Varsity Cheerleaders, after a nearly flawless performance at the Stevenson Regional, earned the first place trophy and a berth to the state competition on March 13.

The squad will travel to Illinois State University in Bloomington, where they hope to bring home the state title to Antioch.

Varsity members are: Danielle Adams, Cheryl Bell, Captain Megan Bivona, Co-Captain Kelly Bober, Candy Chingo, Laura Harris, Gina Hoerle, Sarah McKoski, Heather Miller, Kristin Pierson, and Dana Thompson.

In addition, Pierson and Thompson were involved in several other cheerleading related activities during the past year.

Pierson, a senior, traveled to London during the week of Christmas vacation. She performed and participated the Lord Mayor of Westminsters New Years Day Parade and Spectacular. Pierson attended the parade as a member of the Universal Cheerleaders Association All-star Squad.

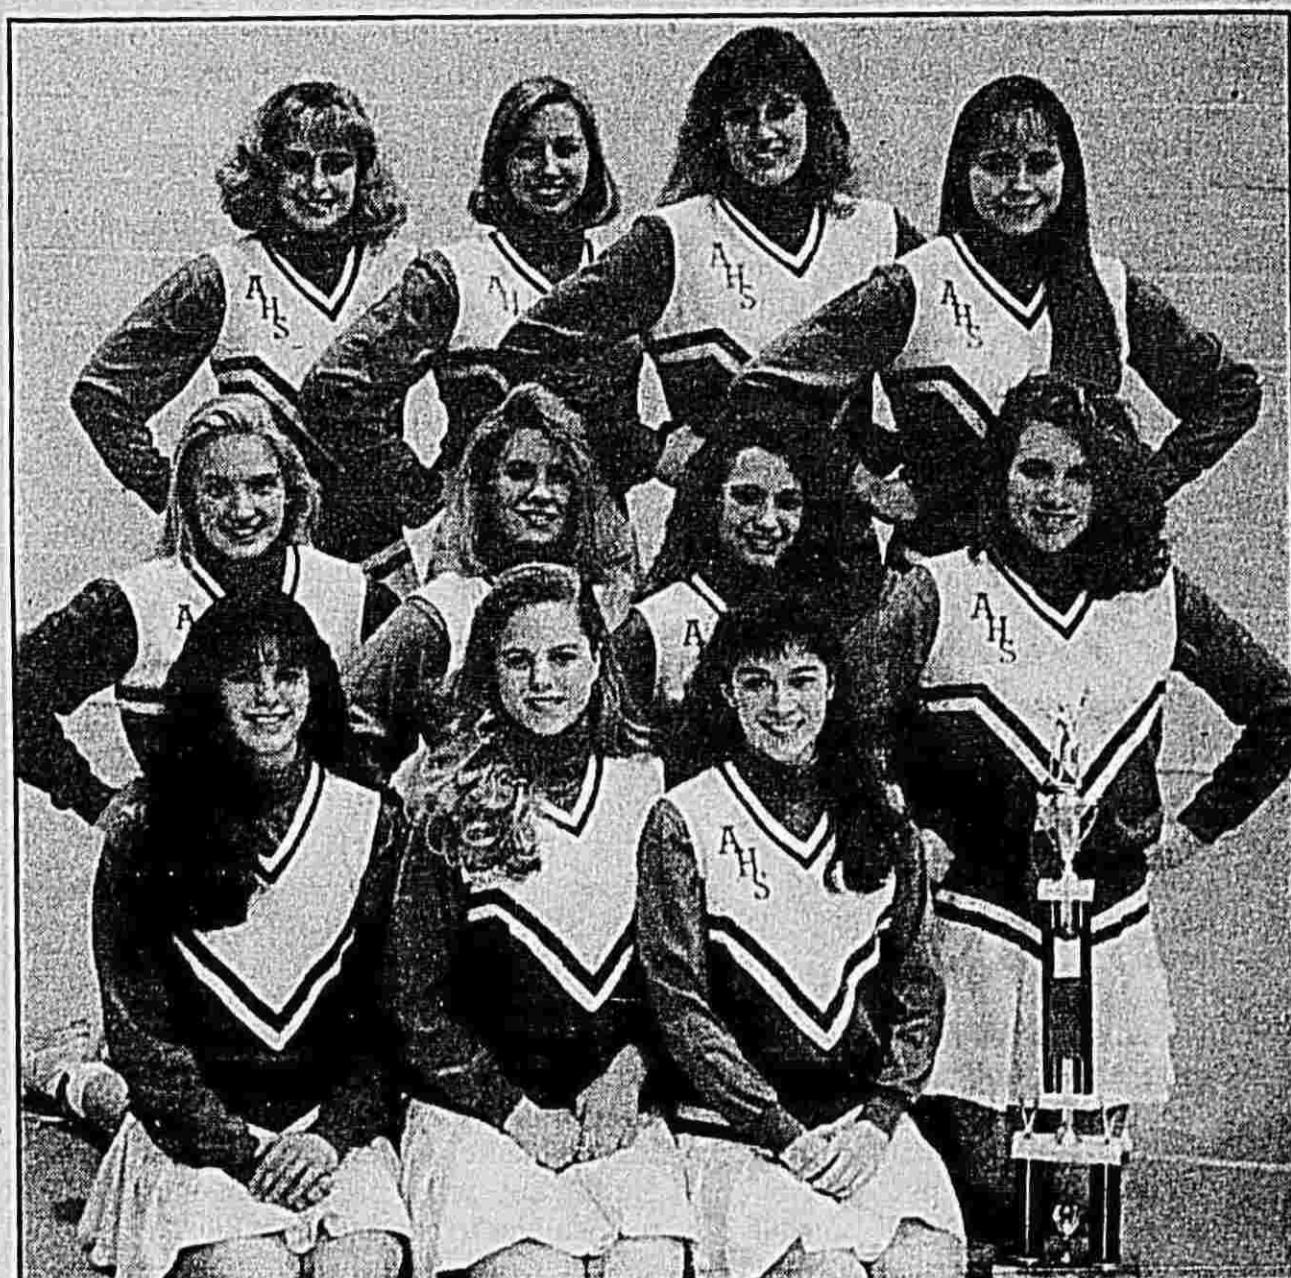

Thompson, a junior, performed during the Viking Football Cheerleading Competition at ACHS and was asked to become a National Cheerleading Association instructor next summer.

Members of the freshman and sophomore cheerleading squads also won trophies for their performances. The sophomores placed third in the regional at Stevenson and the freshman placed fifth.

According to ACHS Cheerleading Coach Bill Guetzeln, this year's finish is the best in ACHS history for a regional competition.

In other cheerleading news, former ACHS varsity cheerleader April Haley, who is currently a freshman at Illinois State University pursuing an accounting degree, survived the cuts of more than 100 girls to make the ISU JV squad last fall.

Haley, however, was named to the varsity cheerleading squad after the football season and now cheering on the men's basketball team and girl's volleyball and basketball.

The Antioch Community High School Varsity Cheerleading Squad, after earning a first-place trophy at the Stevenson regionals, will compete in the state competition at Illinois State University on March 13.

Athlete of the Week

Congratulations to Rick Leukhardt for being selected Athlete of the Week for the week ending Jan. 30. Leukhardt won the 152 pound North Suburban Conference Wrestling title at the NSC meet hosted by Warren High School. Leukhardt's win helped the team place second in the NSC. The First Chicago Bank of Antioch will make a donation to the high school scholarship fund in Leukhardt's name. Pictured with Leukhardt is ACHS Athletic Director Harold Abramson.

Train

(Continued from Page 1) traveling to the village. The new station will be built in the same location as the old depot.

"I would like to see a old-time style station," said Wilton. "A replica of what used to be there would better fit our community."

Antioch is also in the process of purchasing 13 acres near the Wisconsin border for a storage yard which would handle trains during the overnight hours.

Likewise, Lake Villa has also made plans for the future commuter line. According to Frayer, Lake Villa owns 2.3 acres between Grand and Cedar Avenues where a new station and parking would be located.

"We have had Metra out here and they liked our site," said Frayer. "We just are waiting for Metra to give us the green light to build the station." Lake Villa's station would, like Antioch's, be located near the old depot's location.

However, the villages located along the line's path are not the only ones excited about the proposed

commuter line.

Lindenhurst Mayor Paul Baumunk believes the proposed line is a great opportunity for even neighboring villages.

"I think it is fantastic that we might have a direct link to downtown Chicago," said Baumunk.

Baumunk, who plans to form a community task force on the Metra line issue, hopes that Lake Villa and Lindenhurst can come to a cooperative agreement on developing a program, which would include Lindenhurst in the equation.

2 parties vie in Richmond

Bruce Hunter will attempt to add to his 14-year stint as the mayor of Richmond by leading the Unity Party into the April 20 municipal elections.

The Unity Party also includes incumbent Clerk Kate Hellmann and current trustees Clint Bell, Dan Deters and Doug Young — who will seek four-year terms. Slate mate Pete Adams will go after a two-year term.

The PACT (People and Change Together) Party includes Trustee Sue Klouda running for mayor and former

trustee Kay Derdeyn seeking the clerk's position. Trustee candidates for PACT include Kathy Jankowski, Steve Weber and former trustee Kevin Brusck after four-year terms and Mark Cunningham after the two-year stint.

A lottery was planned for Thursday, Feb. 11 to decide which slate would lead off the ballot.

Current trustees Kurt Carlson and Andre Ryland will get a breather — their terms don't expire until 1995.

Women's club offers scholarship

The Antioch Junior Women's Club offers a \$500 scholarship to anyone residing in Antioch Township who is or will be a full-time student at a two or four-year college.

Applications are now available at the following locations: Antioch Village Hall, Antioch Township Library, Antioch Community High School guidance office, and the College of Lake County financial aid office.

The deadline to return

the scholarship applications

is April 23, 1993. A committee will anonymously select the recipient based on scholastic ability, merit, and financial need. The successful candidate will be notified early in May 1993. Students home for the holidays should remember

to pick up an application.

The Antioch Junior Women's Club is an organization which serves the Antioch Community through charitable and philanthropic activities, while promoting intellectual development and sociability among its members.

'Trees' fest nets \$46,400

Representatives of Lake County's first Festival of Trees and the Victory Hospital Foundation presented the HealthReach Clinic with a \$46,400 donation.

The donation, proceeds from the November Festival of Trees, was made by Jan Knobbe and Sandra Welker, 1992 festival co-chairmen, and John Clennon, Victory Hospital Foundation board chairman.

"It is the result of our community pulling together that makes this support to the HealthReach Clinic possible," said Clennon. "More than 5,300 volunteers, performers and guests from throughout Lake County helped make this benefit a success."

The HealthReach Clinic is, itself, the result of a combined community effort to provide health care services to the medically underserved residents of Lake County.

Victory Memorial Hospital and St. Therese Medical Center joined with a variety of governmental and philanthropic organizations to develop the clinic.

Funded through donations, the clinic is staffed by volunteer physicians, nurses, translators, screeners and clerical assistants.

HealthReach is located at 201 Liberty St., Waukegan and sees patients from 3 to 7 p.m. on Mondays and Wednesdays, and from 9 a.m. to 12:30 p.m. on Saturdays. For more information, call 360-8800.

South campus possible

CLC satellite would be convenient to students from rapidly growth area.

In a locality where continued accelerated growth is a byword, plans of College of Lake County officials to establish a south county satellite campus make a lot of sense.

CLC President Daniel J. LaVista and his staff have sketched out a quadrant bounded by Rte. 60, Lake-Cook Rd., Milwaukee Ave. and Rte. 83 for location of a facility containing 10,000 to 15,000 square feet that would be convenient for students in the vicinity of Vernon Hills, Buffalo

Grove, Lake Zurich and Wauconda. Enrollment from this area has about doubled in the past five years.

The highly successful downtown Waukegan regional campus provides precedent for another satellite. Lake County taxpayers should be comforted by the thought that CLC leadership sees state funding as the appropriate means of financing construction.

The mission of CLC is to bring higher education closer to the populace. Creation of a south county campus would enable CLC to be of even greater service to the citizens of Lake County. College officials should be encouraged to pursue establishment of another satellite.

2-State campaign

Wisconsin volunteers join fight to save Lake County Navy training facility.

Officers of Great Lakes VOICE (Volunteers Organized in Concerned Effort) have mapped out ambitious objectives to retain and expand Great Lakes Naval Training Center.

With former U.S. Sen. Alan Dixon on the VOICE team as a paid lobbyist, the civilian organization aims to turn aside an expected announcement by the Navy to recommend closure of the 80-year-old base and a Lake County business anchor. If this is not accomplished, VOICE aims to preclude a Dept. of Defense recommendation of closure to the Base Realignment and Closure Commission (BRAC).

Dixon's involvement is crucial. The long-time Democratic leader led the last charge that headed off Pentagon efforts to downsize Great Lakes, the Navy's largest recruit training center and the home of a

number of schools for teaching advanced Navy technology.

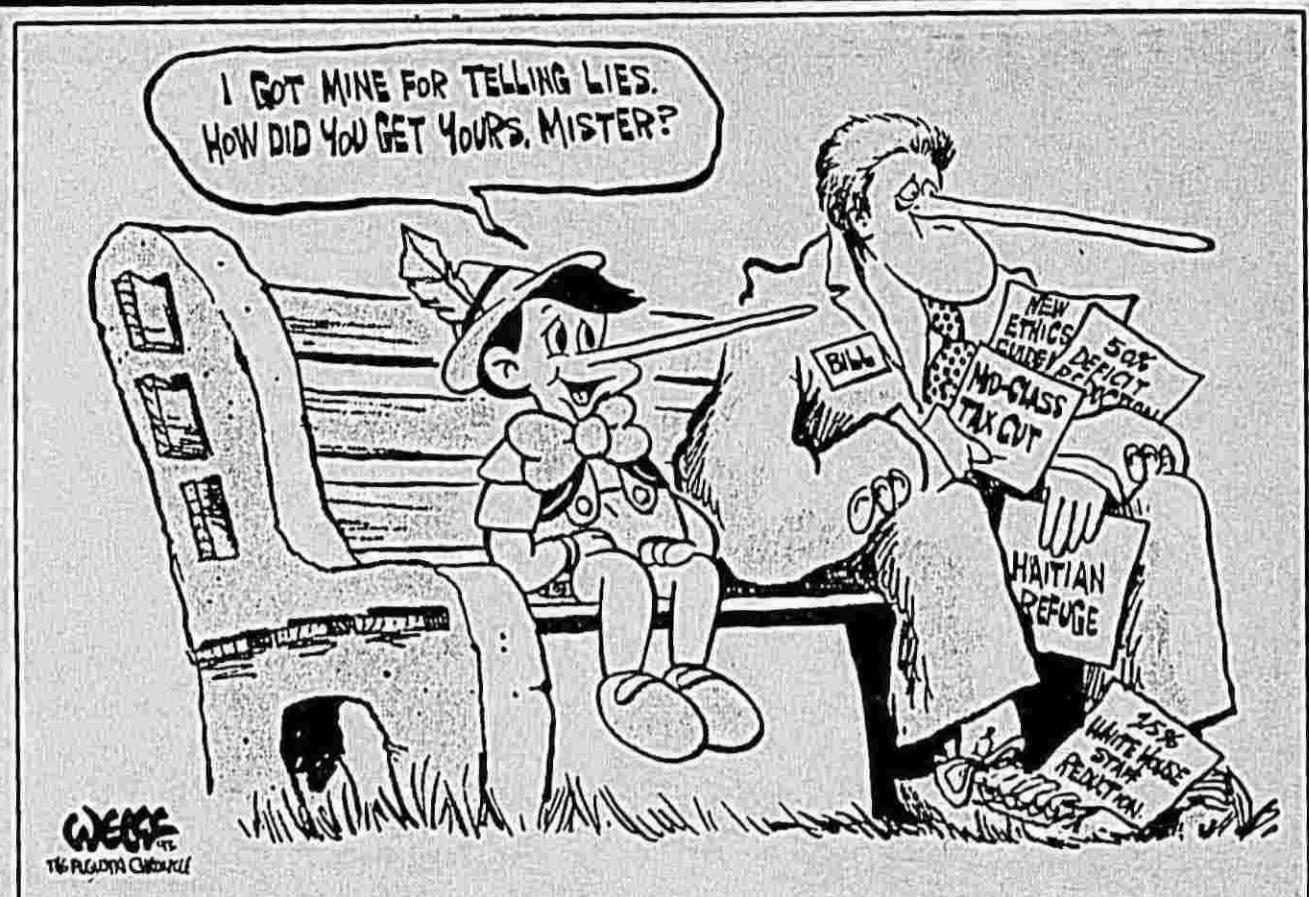

Along with Sen. Dixon's involvement, VOICE has added support from Wisconsin, another key and significant step. The new Sec. of Defense is former Congressman Les Aspin from the neighboring Congressional district. A number of new volunteers are on a first name basis with Sec. Aspin. This is sure to help the cause to save Great Lakes. Kenosha County has a significant stake economically in what happens to the big Navy installation.

VOICE leadership is in capable hands and the committee has formulated excellent strategy. What else is needed? James Hotham, the retired Zion banker and long-time Navy Leaguer who is chairman of the volunteers, has a ready answer: Lots of letters to influential leaders and some hefty monetary contributions to cover a variety of expenses involving in the lobbying effort. Help from all sides is welcome. Hotham can be contacted at 708-746-3356.

Editor:

Green Oaks citizens are on the horns of a dilemma regarding the creation of a special service area for sewer service to the northern portion of the village.

Citizens can anticipate an estimated cost of \$12,500 per residence for hooking up to the service and an estimated \$70 added to their tax bill annually. Many citizens, especially those fixed or single incomes, are rebelling against this expense. As was explained, this cost of \$12,500 would be less than the cost of replacing a faulty septic field with the required Wisconsin system estimated at \$15,000.

Additionally, since we have three undeveloped parcels in this northern area, other aspects must also be considered on this issue. Lake County Health Dept. requires new developments to have sewers. Since Green Oaks cannot currently offer sewer service as required to these parcels, two have already expressed a desire to annex from Green Oaks. Should all three parcels be developed residences (four per acre) or more, if multiple family units were built. These new residents would greatly impact our school districts and traffic on O'Plaine Rd. This will undoubtedly cost more in the long run both in

dollars and neighborhood ambiance.

People who have recently invested in homes here as well as others who have lived in this area for a long while and might be thinking of selling need to face this possibility which is likely to become "beautiful place in the country" is rapidly giving way to development and it's time for decisions on what kind of development it will be.

Is there such a word as 'taxrifice'?

by BILL SCHROEDER

President Bill Clinton's call for sacrifice correctly gauges the mood of America. Only America's mood has a tendency to change rather abruptly. Remember the short duration of the euphoria over victory in the Persian Gulf?

There's a ring of familiarity about the Democratic president's challenge "to contribute" to turn the tide against a deficit seemingly out of control. How soon we forget. President Jimmy Carter called for America to don a hair shirt to battle inflation while his administration fiddled with monetary policies that had the nation scared out of its wits.

Carter collectively blamed everyone for inflation. At least Clinton is blaming only the Republicans. Good politics. The GOP happens to be in the minority.

Battling the damning deficit is admirable. The only argument, however, is over who and how? Willing middle Americans may have different ideas about contributing when they discover that they are making a disproportionately greater sacrifice than those with higher incomes Clinton continues to bash.

High earners can sacrifice this year by foregoing a couple of trips to Palm Beach and driving dad's BMW and mom's Grand

Cherokee another year. For middle incomers, the sacrifice more likely will be telling junior that college is out of the picture or eliminating sis's braces from the family budget.

In one breath, wage earners of less than \$30,000 a year are told not to worry. "You won't be touched." In the next breath, the Clinton administration floats plans for gasoline tax increases. Lower income citizens don't drive cars? Believe this. You won't have to produce a W-2 to get exempted from paying higher taxes for alcohol or tobacco.

While the Clinton administration is ratcheting up tax rates for high earners they'll be zinging middle Americans by classifying employer-paid health insurance benefits as income. Huh?

The time of truth for sacrificers and contributors will come when measurements are taken on the size of the federal deficit. Ask the campaign question. After sacrificing and contributing, are you better off than you were four years ago?

How do you spell sacrifice? HIGHER TAXES. We're not sure that's what folks had in mind when they voted for Clinton.

NOTABLES---You have to look long and hard to find a recognizable name on the list of three dozen or so persons advanced by Sens. Paul Simon and Carol Moseley Braun to "screen" candidates for federal bench and prosecutorial jobs opening up in Illinois under the Clinton administration. I found one when I looked, Mayor Dan Pierce of Highland Park, a wealthy lawyer and former Democratic state representative in Lake County. One source described the list of screeners as "Democratic fat cats and heavy campaign contributors."

SOME GUY---Our condolences to the family of E.A. "Al" Heppner for whom funeral services were held recently in Kentucky. Mr. Heppner was the founder of Heppner Manufacturing Co., a major west Lake County employer in the 60's and 70's with a plant in Round Lake and later Kentucky where radio speakers were manufactured.

Heppner Manufacturing was among the first casualties in the U.S. of Japanese competition, a victim of the Japanese practice of "dumping." Al, who was an inventor, pilot, school board member and staunch Republican, fought a losing

battle to alert American political leaders of the impact of Japan's predatory business practices on the U.S. economy.

RYAN BENEFIT---Bill Gleason, legendary Chicago sports writer, is the latest of a growing line of sports luminaries to be guest speaker at the annual Keith Ryan Scholarship Fund/Sports Banquet set for March 11 at Midlane Country Club, Wadsworth. The popular event raises money for College of Lake County scholarships presented in the name of the late WKRS sports broadcaster.

Charlie Schulze, vice president for development at CLC, has taken over the role of major drum beater for the Ryan dinner from Big John Miller, and is doing an excellent job of getting out the faithful. Miller, former Lake County automobile dealer, now is a resident of Naples, Fla. For loading up on sports lore and rubbing elbows with some of the stars, you can't beat the \$25 price of a ticket.

Victory offers \$3,000 scholarship

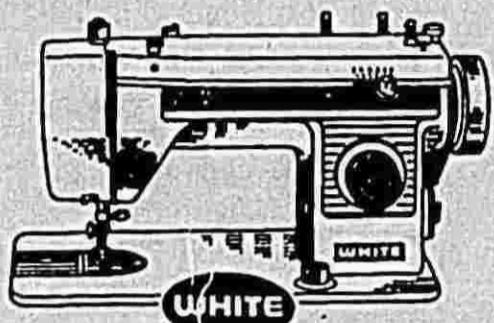

The Victory Development Foundation is now accepting applications for the Victory Memorial Hospital Donald Wasson Health Careers scholarship, established in 1990 in recognition of Mr. Wasson's leadership and support

to Victory Memorial Hospital during his 29-year career at the hospital.

The \$3,000 per year scholarships are offered to students enrolled in study toward a career in nursing, nuclear medicine technology, ultrasound tech-

nology, medical technology or respiratory therapy. In addition to tuition, the scholarships may help finance books, transportation, related educational costs and personal expenses.

Patricia's Giftware Has Expanded!

Patricia's Amish Furniture and Giftware is bursting at the seams with new loads of furniture straight from Amish farms in the Midwest and out East. The floor space has been enlarged to accommodate all the new sample furnishings including a handcrafted sleigh bed!

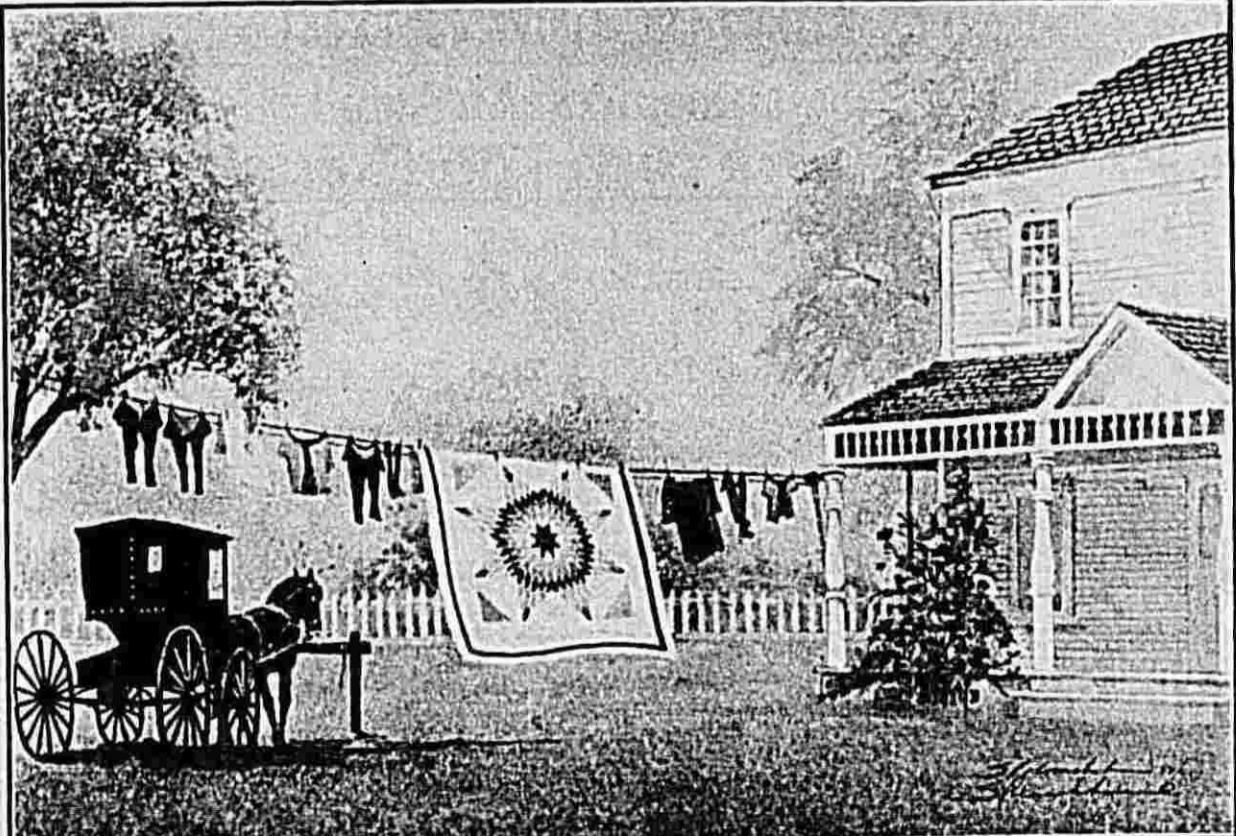

Specializing in Oak Furniture, Patricia's carries a complete line including chairs, tables, cedar chests, desks, beds, entertainment sets, and much, much more. Each piece is handmade from the finest woods by Amish Craftsmen.

The Amish use no electricity in the production of these items, which is hard to believe when you see the high quality workmanship in each furniture item.

"Tell us what you're looking for...and we'll do our best to find it," states Patricia Hawkins, owner of the store along with her husband, Bob. Adding that this is what brought the beautiful sample sleigh bed into the store, which they are carrying for the first time.

Also, whether you choose a beautiful roll-top desk, rocking chair or bedroom set, each can be custom ordered in nine different stains. Be sure to stop in and check out the solid wood construction of each furniture item.

Because each person is different, Patricia's has many, many styles of chairs to "fit" the person to the chair. Customers are encouraged to sit in ALL the chairs to "feel" the difference.

THE AMISH STAR by Steve Polomchak

Gifts For That Special Person:

- Roll Top Desk
- 3-in-1 Rocker & Ironing Board
- Hand-Sewn Quilts
- Amish-look Framed Pictures
- Solid Oak Tables & Chairs
- Amish Rocking Chairs
- Amish Jams & Jellies
- Crystal Serving Dishes & Picture Frames
- & Much More!

Besides the "fit" of the chair, Patricia's has many styles to fit your taste...from the modern look of the feather back to a more traditional pinwheel, pressback or ladderback...and more!

Each chair is built with wedge construction, then screwed together to make it last and last.

Also available are Amish Gliding Rockers in double or single styles. Each has quiet, ball-bearing construction with many fabric choices of comfortable cushions that snap on and off with ease.

You may find a smaller item at the store for a gift or just for yourself! There are shelves, magazine racks, framed mirrors, wooden garbage cans and many more unique items.

Crystal is the perfect gift for anniversary and wedding gifts, and Patricia's has bowls, serving dishes, glassware and picture frames

in many tasteful styles.

Be sure to see the unique floral arrangements individually styled with the appearance and texture of fine crystal, available as a centerpiece with napkin rings.

Our collection of Amish-look framed prints by Nancy Noël, Al Koenig and Steve Polomchak would be a lovely accent to any home.

Also, there are Amish cradles, mini-rockers and Amish-made toys for the young people in your life.

Take some time to stop by Patricia's Amish Furniture and Giftware on Lake Street in Antioch.

Just take Route 83 North to Downtown Antioch and turn left on Lake Street. We're about a half block down on the right.

We're open 7 days a week, so you can visit us when it's convenient.

Teenager facing charges

A Lake County Sheriff's Dept. is expected back to work next week after getting into a scuffle while chasing a teenager outside a Gages Lake bar.

Lt. Ralph Connard was transported to Condell Medical Center by Grayslake Fire Dept. personnel for treatment of injuries

incurred after a fight with Thomas Holt, 17, Saturday.

"Several people were standing in the parking lot, shoving and yelling. Someone pulled out and ran and I told the others to stay where they are," Connard, a Lindenhurst resident, said.

Mike is victim of politics—again

THE GREAT THREAT

People are rallying to prevent the possible closing of Great Lakes. At stake are 3,800 civilian jobs and a billion dollar economic impact.

County Executive John Collins in adjoining Kenosha County and County Board Chairman Robert Depke here in Lake County have fired off letters to congressmen and senators. Cities and villages are passing resolutions by the bushel.

They believe the closing threat is real. Volunteers Organized in Concerned Effort (VOICE) is fueling their fears. Composed of unionized Great Lakes employees and Navy personnel who like the shore duty, they have petitions wherever there is a crowd.

VOICE says a high-ranking vice admiral opts to keep the Orlando, Fla., Training Center open at the sake of Great Lakes. Why? The climate is better, it's closer to Disney World and the admiral once served there.

WAUCONDA POLITICS

Wauconda mayoral candidate Jim Eschenbauch has lots of political backing in his April election quest.

Former Mayor Kenneth McGill calls himself a sponsor. Former Village Clerk Venita McConnel, a township political powerhouse, is joining McGill to hold an upcoming fund raiser for the ticket. It will be Tuesday, Feb. 23, from 6 to 9 p.m. at Mers restaurant. The price

is ten bucks.

Why is Eschenbauch so good? "He's the senior village trustee," McGill says. "Eleven years ago he attended every village board meeting prior to his first election."

Is Eschenbauch a shoo in? No way!

The opposing Citizens First Party is led by Trustee Leroy Hampel also running for mayor. The high school teacher, who puts on a stovepipe hat for Abe Lincoln portrays, laces his campaign appearances with quotes from the Rail Splitter.

MIKE'S FIRED AGAIN

F.T. "Mike" Graham is out of another job. He was hired and fired almost before anyone knew what was happening.

Mike was invited to join a three-member Libertyville High School committee to study builder impact fees. Graham, who was named chairman, is from the "growth and development don't pay their way" school of thought. He promised a report in four weeks.

Between an orientation meeting and the committee's first meeting Graham became a candidate for township supervisor. "Too controversial," he was told by school board President Kenneth Eichelberger. "You're fired."

"Whether you appoint a minister, priest or rabbi, impact fees will be controversial," Graham replied.

The next day he showed up at Libertyville High School for the first committee meeting. But not the other

two members. They were told the day before by Supt. Donald Gossett the meeting was canceled.

"But he forgot to tell me as chairman," Graham said. "In substance, I was removed in the best political style."

Mike won't take no for an answer. He plans to attend the Monday, Feb. 22 school board meeting.

OVERHEARD/SEEN

••• CHICAGO — U.S. Atty.

Fred Foreman, Lake County's contribution to the state political scene, is leaving office in April to join the Chicago law firm of Freeborn & Peters. Foreman isn't talking about a race for state attorney general in another year or governor in two more. He says he wants to concentrate on his new job where he will be one of 55 fish in a big legal pool. But Foreman's route is the one taken by former governor Jim Thompson and former U.S. Transportation Secretary Sam Skinner of Lake Forest. •••

WASHINGTON, D.C.—

Congressman John Porter (R-Wilmette) received another honor last week. It came from the National Taxpayer's Foundation. He leads the 22-member Illinois delegation in franking privileges. Last year he spent more than \$129,000 on mailings—about 60 cents for every home in his district. Congressman Phil Crane (R-Arlington Heights) spent \$104,000—about 40 cents per home. •••

GREAT LAKES
What's all this uproar about gays or straights in the military? asked a Navy man I met briefly while touring the recruit training station. "Unless you really need a job you should have your head examined for being in the military no matter what side of the plate you're hitting from."

Nearly \$8,000 in scholarships now available to CLC students

Applications are now available in the College of Lake County financial aid office for the following scholarships.

Drake University will award scholarships totaling \$4,500 for transfer students. Consideration will be given to students who are completing a degree program at a community college and demonstrate high scholastic achievement and leadership.

The Lake County Chapter of the National Assn. of Women in

Construction will offer a \$250 scholarship to assist a student pursuing a degree in building construction technology, architectural technology or civil technology. Men and women are encouraged to apply.

A \$2,000 scholarship will be awarded by the Arbor Vista Garden Club to students planning to transfer to a four-year college or university to complete their degrees in horticulture.

History for sale at county museum

African-American history items for parents and educators are featured during February in honor of Black History Month at the Lake County Forest Preserves' Lake County Museum near Wauconda.

The lives of significant black pioneers, women, civil rights leaders and African kings and queens are profiled in a series of books from Empak Publishing, sold through

the Lake County Museum Store.

Empak's books and posters saluting historic black events and educators also are available. In addition, books on famous African-American entertainers and writers are also offered.

The Lake County Museum is located on Rte. 176 in Lakewood Forest Preserve, west of Fairfield Road.

TAX TIP IF YOU SELL FOR A PROFIT

Normally, taxpayers who sell their home for a substantial profit face a heavy tax load, but this burden can be avoided. If you buy another home that costs as much or more than the sales price of the old one, within a specified time, the profit from the sale is not included in your taxable income.

The second home must be bought and occupied within a period spanning two years before and after the sale. This same time frame is also permitted when building a new home. This tax deferment applies only to the sale of a family's principal residence.

When figuring the amount of gain for which tax may be postponed, you may deduct for "fix-up" expenses if they were accomplished within 90 days prior to the sale, and paid for no later than 30 days after sale. Check with your accountant or the IRS on details if this matter affects you. It could be well worth your while.

At age 55, you qualify for the big bonanza-a one-time \$125,000 exclusion of capital gain from the sale of your principal residence.

If there is anything I can do to help you in the field of real estate, please phone or drop in at RE/MAX HERITAGE, 4641 Grand Avenue, Gurnee. Phone: 336-2600. I'm here to help!

Anniversary

Golden anniversary

Clifford and Mary Foskett of Ingleside will be celebrating their 50th wedding anniversary on March 6 with a renewal of their wedding vows at St. Bedes Catholic Church. A dinner given by their children will follow the ceremony at the Country Inn of Lambs Farm.

Clifford and Mary (McDonald) Foskett were married on March 5, 1943 in Oak Park, Ill.

Mr. Foskett is a retired lifelong dairy farmer and Mrs. Foskett is a homemaker.

They are the parents of Robert (Rosezella) Foskett of Ingleside, the late Paul Foskett, Clifford Foskett of Glen Ellyn, Joseph Foskett of Salem, Wis., and Dr. James (Chris) Foskett of Lindenhurst. There are seven grandchildren and three great grandchildren.

County is sixth with AIDS cases

Lake County had 27 reported AIDS cases in 1992, the sixth highest in the state. The county trails Cook (1,535 cases), DuPage (36 cases), Will (35 cases), Winnebago (32 cases) and Kane (29 cases) counties.

Since 1981, Lake County has reported a total of 142 cases.

The number of AIDS cases reported last year in Illinois increased 17 percent over 1991's total, bringing Illinois to the sixth highest total in the country with a cumulative 8,202 cases.

During 1992, AIDS cases in the city of Chicago increased 23 percent.

United Way receives \$721,413 boost

Naval Training Center Commander and Combined Federal Campaign Chairman RADM Mack C. Gaston, presented United Way of Lake County

President Elizabeth Jan Edgar with a check for \$721,413 during the CFC Awards ceremony at Great Lakes' Port O' Call.

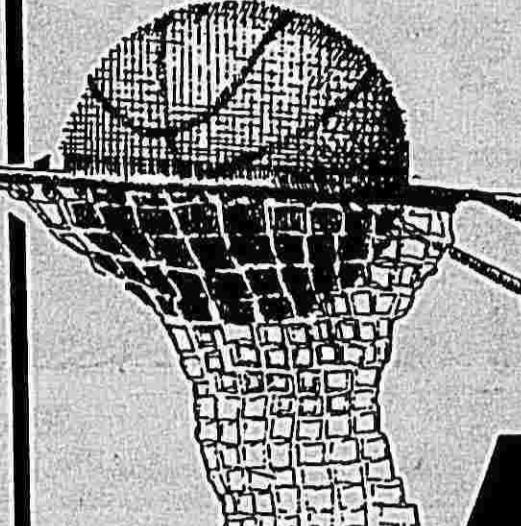

"This was an

outstanding campaign this year. Federal employees should feel proud of this achievement. Contributions to the CFC will benefit thousands of individuals

through local, national and international service agencies," Edgar said.

Upon presenting the check, Gaston received a Community Loyalty Award

achievement in the CFC. Awards went to Great Lakes Recruit Training Command, Service School Command, Naval Hospital and Hospital Corps School.

Work a basic instinct for All Video owners

by MARK PAIN
Lakeland Newspapers

Holding down two jobs is not an uncommon occurrence for many people these days, due to an unstable economy. A constraint on free time is only one of the drawbacks in trying to make ends meet.

"Yeah, but I'm a part-owner in running a full-time business as that other job. It's a little easier because I can tell myself what to do before arguing about it — you know, cut out the middle man."

Ray Wilkinson has always been known to espouse such "everything can be fun" aphorisms, despite head-shaking in disbelief by the other principals involved: Bill Wilkinson (Ray's brother) and their respective wives, Joyce and Bev. Jointly, they own and operate All Video at 10 S. Rte. 12 in Fox Lake.

"We purchased the business in September, of 1991," Bill said. "A deciding factor was the location. We're next to Burger King, across the street is Ryno's Hot Dogs and Domino's Pizza — food and videos go together — what more could you ask for? They're good-hearted people too."

Probably, a more auspicious grand opening. "Our first official act," Bill continued, "was dropping and shattering a \$500 glass display case, which Ray and I were moving in the store."

"Well," Ray countered, "we didn't have a bottle of champagne to christen the place with, so . . ."

If a relaxed family atmosphere seeps through the dialogue, it is not unintended. Relationships have intertwined over the years.

"Bill and I introduced Ray and Joyce to each other — poor Joyce," Bev said.

Joyce, a supervisor at Modern Abrasives in Spring Grove, recounted several stories, which have been deemed too "abrasive" for publication.

"Bill and Bev are part of local history, being two of the original members of the Spring Grove Fire and Rescue Squad," Joyce said. "Ever since their house burned down, as I recall."

The incident, albeit true, initiated a

commitment that has lasted over 15 years. Between sustaining home and family, they are among the capable few that must answer emergency calls and respond to situations involving life or death. Each circumstance has its own scar to be carried, as with any person dedicated to public safety.

"We've experienced it ourselves (the house fire) and felt very lucky — it could have been much worse," Bev said. She also feels by joining the Fire and Rescue Squad, they can pass along that knowledge from experience and render assistance in the future. Being responsible to the squad and running a full-time business makes for quite a juggling act.

The four owners must coordinate their schedules to cover the hours and keep the

store open. Bill is the manager of a Jewel food store and Ray is at J.E. Hoffman in Mundelein.

To augment the schedule, another member of the crew is Vicki Genghios. As Ray tells it, "We pirated her away from Jerry's Parkway Foods. After we'd finished reading all the magazines, while waiting in the checkout line, we noticed her line was the fastest. We got to know her. She's a good person. Now, she's here."

The store features a wide selection of tapes to enjoy, ranging from new releases to obscure cult classics. Customers always enjoy getting recommendations on films from Bev. The growing stockpile of Sega and Super Nintendo games keep the kids coming back.

"They also like the Coca-Cola collection," admits Bev. "Bill started collecting every piece of Coca-Cola merchandise and memorabilia that he could get his hands on. Only part of it is here, and the shelves are full."

They also offer VCR repair servicing, as well as VHS and Beta video tape repair.

Memories on a film format (i.e. 8 mm) can also be converted to tape at the store.

"We also had to contract the services of a collection agency, with its own legal arm," Bev said. "We didn't want to do it, but some people just won't return the tapes. They don't understand that the tapes cost money and we lose the rentals on them."

Throughout it all, they've managed to make new friends and know their customers on a first-name basis.

And now, the big question is what were the most popular tapes of 1992? Joyce didn't hesitate, "The Little Mermaid." Kids love it and so do a lot of adults."

After a quick huddle, comes the consensus: "Dances with Wolves," "Basic Instinct," "Silence of the Lambs" and "The Hand that Rocks the Cradle."

The store is open from 10 a.m. to 9 p.m. Sunday through Thursday and from 10 a.m. to 10 p.m. Friday and Saturday. If you have a special request, or wish to reserve a tape, they can be contacted at 587-8707. Special movie packages are also available.

Getting business out of health care business

by DON CRAMPTON

During the course of last year's presidential campaign, we witnessed a national debate on the subject of a nationally assured program of universal access to health care.

This Way to Wealth

For a subject that had received virtually no notice in any prior election year, it was mute testimony to the distress of our health care delivery system that all presidential pretenders embraced the need for some sort of access program, differing only in the means by which that program might be implemented.

At long last, the politi-

cians have come to realize what working and middle class people have known for many years. In addition to all its other implications, the dizzying increase in employer paid health insurance premiums has caused businesses to make employment and personnel decisions not on the basis of work quality and/or productivity, but on the basis of improving (or restoring) profitability by cutting or eliminating health insurance costs.

Beyond that, businesses employing those making heavy health insurance claims have learned how to limit claims or "disqualify" certain illnesses from claim eligibility.

The price for not doing so? Without excusing those businesses that have "profited" at the expense of a vulnerable employee, too many companies have been

forced to make choices between paying higher premiums or higher claims or going out of business.

This country is the only advanced nation in the world that, for the vast majority, links access to health care with employment. Thus, it places too many of its unhealthy workers or workers with unhealthy family members in the position of losing not only their health coverages, but their jobs, as well.

We all know of situations where a worker has been "let go" because his health insurance claims will eventually result in increased premiums which, in turn, threaten the viability of the enterprise. How about the fully qualified person who is not hired for a new job, because he or a dependent suffers from a chronic and expensive ill-

ness?

If our "new generation" of political leaders is to effectively regenerate our health care delivery system, one of its central elements should be decoupling health care access from employment.

Now, this does not necessarily mean that employers cannot retain, at least initially, an administrative role in facilitating health coverage access, as, for example, in negotiating ar-

rangements with health maintenance organizations (HMOs). And, it is clear, business will have a continuing, though perhaps not permanent role in directly paying for health services, either through reimbursements or by paying health insurance premiums.

In the end, however, business should have no financial role in the provision of access to or delivery of health services, other than the role all of us

play as taxpayers. It is only by terminating its historic financial role that the exclusionary and discriminatory practices which have come to increasingly characterize its involvement in providing access to health care can be terminated.

Editor's note: Donald Crampton, is president of Crampton, Lewis & Co., Chicago. Questions are invited by writing 2203 B. Lakeside Dr., Bannockburn, IL 60015.

Leave law as policy guide

"The new Family and Medical Leave Act recently signed into law can serve as a guide to aid employers in defining leave of absence policies," says William S. Hubbart, president of a St. Charles, Ill. based management consulting firm specializing in personnel policy development. Hubbart is the author of a new book, "Personnel Policy Handbook: How to Develop a Manual that Works," scheduled for release in spring by McGraw-Hill Book Company.

"A majority of firms currently grant some absence leaves to employees in cases of personal or medical emergency," explains Hubbart. "However, managers candidly admitted un-

certainty about granting leaves, length absence and proper handling of employee benefits. This new law defines certain guidelines on leave eligibility, length of absence, insurance continuation and re-employment status."

According to Hubbart, state and federal laws are fairly clear in defining employer obligations to grant leave for jury duty and military service. Only 15 states defined requirements for family and medical leaves. Until now, absences to care for a family member or for medical disability were not specifically regulated by the federal government. The federal government defined pregnancy as a temporary

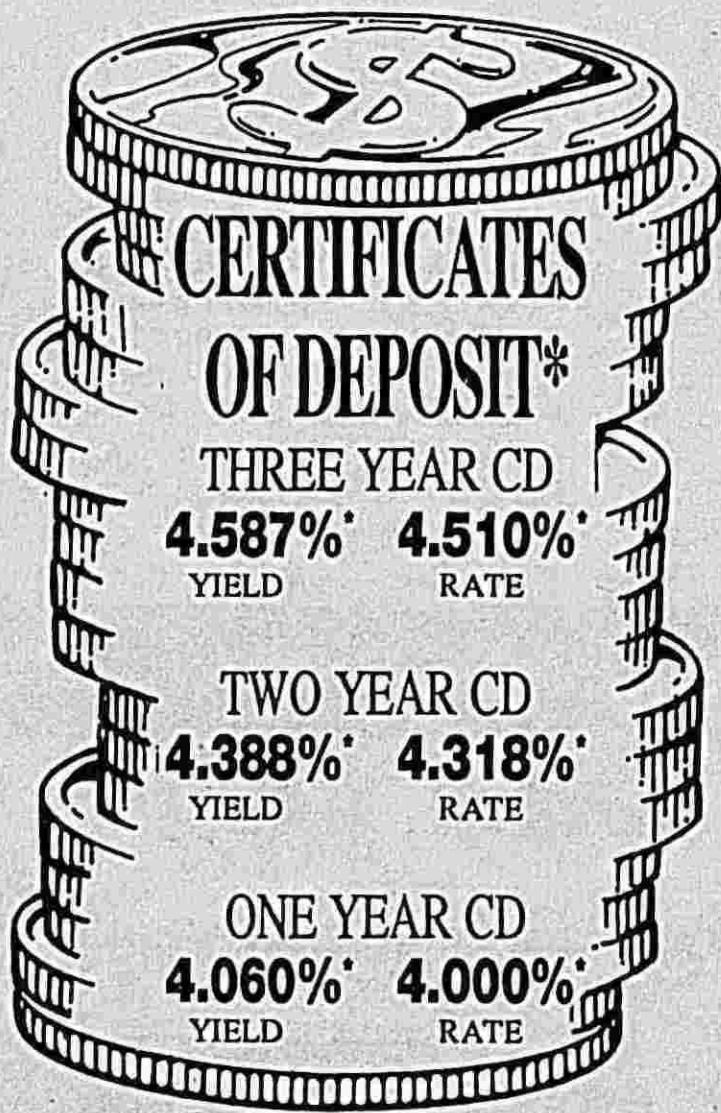

disability, but there were no federal mandates for employers to provide maternity leave. "Now, a gap in the law has been filled," says Hubbart.

Further, Hubbart observes, the passage of the new family leave law responds to the changing needs of today's workforce. Most married employees are likely to have working spouses and there are greater numbers of single working parents. Firms need to adopt family-friendly policies reflecting the needs of the diversified workforce. Hubbart urges firms to carefully define leave of absence and other personnel policies as a strategy to recruit and retain qualified workers.

From 'Sweet Home' Fox Lake to Memphis

Ken 'Snowman' Minahan and partner Piano Bob Wilder win B.B. King Lucille Award

Ken Minahan while a student at Grant High School.

Ken Minahan's guitar has taken him from Fox Lake to the Beale Street Music Festival in Memphis. The trip took 26 years and stops along the way included Sacramento, New York City, Hawaii and Miami.

Last year, Minahan and his partner Bob Wilder were transported to the heart of blues society in Memphis. The duo, Piano Bob and the Snowman, won the B.B. King Lucille Award at the W.C. Handy Awards, "the Grammies of the blues."

Minahan's blues history began as a kid in the mid '50s. After attending St. Bede's Church on Sunday, Ken's parents, Helen and the late Kenneth "Red" Minahan, would often take a trip from Fox Lake to Chicago's Maxwell Street where Ken remembers watching the street entertainers.

"I found out later in life that a lot of these people had migrated from the Mississippi Delta. They'd work in the mills during the week and play on weekends," said Ken. "It could have been anybody I was hearing. It could have been Muddy Waters. They all did it."

Later as a teen, Ken would go with his friends into Chicago and hang outside a club called Big John's. There he heard such greats as Muddy Waters, Howlin' Wolf and the Paul Butterfield Blues Band.

The same summer Ken got his first guitar, he also got his first job — washing dishes at Fox Lake's The Last Resort. This hot spot hosted the early Steve Miller Band with Miller, Boz Skaggs, and David Sanborn.

Ken's sister, Patty Stagg of Lake Villa, recalled that Ken was always creative. Besides his interest in music, he drew cartoons. "He was a natural on the guitar. One time he started with lessons, but the guy told him he didn't need them," said Stagg.

Around '65, Ken was a junior at Grant High School and the Beatles changed everything. He started playing in a rock band, playing in bars and clubs all over, Park City, North Chicago and, of course, the occasional high school dance. "I was still in high school, but I was leading kind of a different life," Ken recalled.

Ken hooked up with a Boston band he met in Lake Geneva and headed out to New York City after graduating from Grant. He lived in Greenwich Village and played in a psychedelic rock band. As bands do, that band broke up, and Ken found himself back in the Chicago area with a group called It Doesn't Matter. "We got tired of coming up with names," Ken explained.

It Doesn't Matter was a local success playing at free concerts in Chicago's Washington Park where Ken met the first Mayor Daley. The band performed a rock version of the "1812 Overture" during which two of their roadies shot off shotguns during the cannon parts. Daley told

the band, "I never heard that done that way."

It Doesn't Matter was one of the opening bands for an outdoor concert featuring Sly and the Family Stone. Sly was notorious for being late and this time he didn't show up.

"After the Democratic Convention, it didn't take much to spark people. People started throwing things at the stage. Then people in the back were hitting people in the front. There was a riot," said Ken.

by CLAUDIA M. LENART

The last hurrah for It Doesn't Matter was at a Soldier's Field rock fest where Chicago, MC5 and Leon Russell performed.

After It Doesn't Matter broke up, Ken went west to Sacramento, California where he got involved with top 40 show bands. He spent a year with a band that regularly performed in Hawaii and also hit the west coast from Phoenix to Alaska.

Ken's next major stop was with Zazz, a Sacramento show band that played in Reno, Tahoe and Vegas. "We had all the best musicians in Sacramento. Everybody sang lead vocals. Everybody played more than one instrument."

Zazz was together from 1979 to 1985. They played at Vegas spots including the Flamingo and the Hilton. But the band was spending more and more time outside Sacramento where band members' families were. Eventually, band members started dropping out.

"The original band had a lot of dedicated people. After they left, the replacements weren't as dedicated. It really wore down on me. I didn't have another band in me. I didn't play guitar for months," said Ken.

Ken worked some odd jobs then got involved in a band that evolved out of jam sessions. They played four nights a week at the same club.

"I never got so bored. You'd come in on a Thursday night and the same guy sitting at the bar the night before is sitting there," said Ken.

That's when Ken got the idea to go into the shaved ice business. "When I used to play in Hawaii, you'd go to the beach and every nook and cranny had shaved ice stands," said Ken. "Then in Sacramento they started popping up all over. I figured if it took 10 years to get from Hawaii to California, then they didn't have them back east yet. If I did

this, I could play the music I want to play. I sold everything and went to Miami."

Ken had planned to call the stand Miami Ice after the popular series, but when he arrived in Miami he learned the residents were somewhat soured about "Miami Vice." So he called his shop Miami Beach Snowball.

Ken had the shop for five years, but it never quite took off. Maybe Florida wasn't quite ready for the ice stands and the Florida rains were tough on business. Ironically, Miami Vice didn't help. When the show would shoot on location they would block off the streets closing off access for customers.

But while running Miami Beach Snowball, Ken hooked up with a rhythm & blues band he played with on weekends and his current duo he played in on weeknights.

"People would see me and recognize me from my shop. They'd say 'There's the Snowman,' and it stuck," said Ken.

The duo was gaining in popularity, so Ken closed his business and in January of 1991 he moved up to Fort Lauderdale to work more closely with Bob Wilder.

Bob's background is a bit antithetical to Ken's. Bob was married, had a successful career in real estate and now has kids in college. "We've led very different lives, but we both ended up in the same place," said Ken.

Piano Bob and the Snowman entered a contest last June put on by the then two-year old Florida Blues Society at a club called Tobacco Road. (Florida doesn't have much of a blues scene. They're more into the likes of Gloria Estefan, said Bob).

They won first place in the contest and continued on to Memphis to compete in the National Blues Foundation where they were judged best unsigned band. In October, the duo returned to Memphis to receive the B.B. King Lucille Award and to play in the 13th annual W.C. Handy Awards. At the awards, Ken rubbed shoulders with blues greats including Buddy Guy whom he shared a table with. Piano Bob and Snowman received their award from the Memphis Horns.

At the end of the show, the duo jammed with a stage full of blues stars. "I told my partner, I thought I'd died and gone to blues heaven," said Ken.

The blues guitar and piano duo seems to have found a niche playing acoustic blues and vintage boogie woogie. "It's a genre that's not being covered. There are guys who do blues (Continued on page 27)

Africa will be performed by the storyteller Shanta in a performance on Sunday, Feb. 28 at the Libertyville High School Studio Theater. Appearing on the stage in colorful outfits of traditional African cultures, Shanta enlivens her storytelling with music played on instruments of African origin, such as the mbira, balafon and toa.

For centuries, African cultures relied upon the Griot, or storyteller, to preserve the history of civilization in a time when no written records were kept. Storytelling also served to unite a community through shared experiences and helped to clarify the values of the culture. Shanta's retelling of traditional African tales which have been preserved over time provides insights into the diversity of the cultural heritage of African people throughout the world.

Tickets for "Shanta" are \$6 for adults, \$4 for DACC members, seniors and children and are available for purchase at the Alder Center or at the door.

Shanta, who makes her home in Chicago, has appeared at the National Festival of Black Storytelling and the Exchange Place of the National Storytelling Festival in Jonesborough, Tennessee. Her stories and poems for children have been published in *Ebony, Jr.* and she has also written for *Cadence, Hot Wire, Black News* and *Black Books Bulletin*.

It's A Jamaican Dream Resort Without A Beach!

by JIM WARNEK, PRESIDENT,
NORTH STAR TRAVEL, INC.

The best known of Jamaica's many gems is her beautiful white sand beaches with most of the finer resorts located directly on one of these jewels.

So why would I recommend a Jamaican resort not even on the ocean?

Picture spending a week in a tropical garden of sweet smelling flowers and the sound of gently flowing clear jungle springs. Throw in no less than 14 exotic waterfalls and you're sure to find that place you thought was only in your dreams.

A fully stocked aviary, a seaquarium and an orchid garden are a nice diversion from "para-sailing".

This tropical paradise is "The Enchanted Garden Resort".

Originally developed as a formal tropical garden on a stunning tract of Ocho Rios hillside, The Enchanted Garden all-inclusive resort lives up to its name.

There are only 112 suites and villas on the entire twenty acre resort. Even so, you'll find five separate restaurants to choose from, offering anything from Middle Eastern and Far Eastern cuisine to an open air pasta bar, to a garden atrium restaurant. All offer table service and a la carte menus. Remember we're talking "all-inclusive" here. No dinner check, no bar bills and no tips to worry about...

If you must go to the beach, Enchanted Garden does have a private one just for you with complimentary transportation provided.

The Enchanted Garden also provides complimentary transportation to a nearby golf course and even pays your green fees.

This may not be a resort for the fast-paced singles crowd, but it would be hard to find a more romantic setting for a honeymoon, (first or second). For the really romantic, the Enchanted Gardens even offers wedding packages.

'Breath of Spring'

What is more refreshing in February than a "Breath of Spring"? A fine dinner and a funny play at Andre's Steakhouse located on U.S. 12 in Richmond is the best answer. Rosebud Productions will present the comic spoof of "Breath of Spring" on Feb. 19, 20, 21, 26 and 27 as the second show in Andre's current dinner/theatre season. This comedy by Peter Coke is about a bunch of senior citizens who play Robin Hood by stealing furs and giving away the money they earn to needy people. They not only rejuvenate their bodies, but also their love interests. Their antics at staying one jump ahead of Scotland Yard will have you laughing the winter blues away. Ticket information and reservations can be made by calling (815)678-2671.

'Lysistrata'

The Lake Forest College Garrick Players Theatre Group will present the rowdy Greek comedy, "Lysistrata" on Feb. 25, 26 and 27, as part of its 90th season. Performances are at 8 p.m. nightly with a 2 p.m. Saturday matinee. All shows are held at the Allen Carr Theatre, Hixon Hall, located on LFC's south campus, Sheridan and Maplewood Roads. In "Lysistrata," the women of warring Greek city-states want the fighting to stop. Their solution? They vow not to have sex with their husbands until the war ends. Join the Garrick Players for this comedy by Aristophanes. There is a \$4 general admission charge, \$1.50 for senior citizens and non-LFC students. For reservations call 735-5210.

'Les Belle Soeurs'

The Barat College Performing Arts Center presents 15 holler-than-thou, hypocritical, opinionated, Catholic women crammed into the kitchen of a third floor apartment. Set in Canada, Michel Tremblay's ironic comedy "Les Belle Soeurs" draws revealing social commentary from its story of a woman who wins a million trading stamps and invites her friends to a riotous stamp-pasting party. "Les Belle Soeurs"

will take to the Drake Theatre stage in Lake Forest on Feb. 26 and 27 at 8 p.m. and Sunday, Feb. 28 at 3 p.m. Tickets are \$9, \$7 for students and senior citizens, \$5 for Barat students, faculty, and staff. For tickets and further information call 295-2620.

'City of Angels'

The 1990 Tony Award winner for best musical, "City of Angels" will be performed at Music On Stage now through Feb. 20. Performances will be held at Cutting Hall Theatre, 150 E. Wood St., Palatine. Friday and Saturday performances begin at 8 p.m., Sunday matinees at 3 p.m. Ticket prices are \$12 and \$14, \$2 discount for all tickets purchased in advance. For further ticket information call Maggie Bohlen at (312)715-2544 or 386-3753.

MacArthur Foundation

The public is invited free of charge to hear Adele Simmons, president of the John D. and Catherine T. MacArthur Foundation in Chicago, speak at Lake Forest College on Tuesday, Feb. 23. One in a series of Ruth Winter Convocations, the 10:30 a.m. program, entitled "Urban Crisis and Liberal Arts Education," will be held at the Lily Reid Holt Memorial Chapel on LFC's Middle Campus, corner of Sheridan and College Roads. The MacArthur Foundation is one of the nation's largest philanthropic foundations, with assets of more than \$3 billion. The Ruth Winter Convocation Series at Lake Forest College has this year's theme "American Education Since 1970." For further information on the Simmons talk call 735-6010.

Civil rights

Renowned civil rights attorney Alvin O. Chambliss, Jr. will conduct a lecture/discussion as part of Lake Forest College's celebration of Black History Month on Thursday, Feb. 25. The 7 p.m. program is open to the public free of charge and will take place at LFC's north gym (room 100) on Middle Campus. Chambliss, a staff attorney with the North Mississippi Rural Legal Services, Inc. in Oxford, Miss., argued successfully on behalf of civil rights groups before the U.S. Supreme Court in the education case Ayers vs. Mabus. This marked the first time that the higher court offered lower courts guidelines on how desegregation of public colleges should take place. For further information on the Chambliss talk call 735-6010.

'New Frontiers'

The final of three Lake Forest College community lecture/discussions entitled "Looking at New Frontiers," will take place Thursday, Feb. 25 at 8 p.m. Distinguished LFC faculty members Roger Faber and Jonathan Galloway will give a slide-illustrated talk on new frontiers in space entitled "Mission To And From Planet Earth." Former Gemini and Apollo astronaut James Lovell will follow with comments. The program, open to the public free of charge, will be held at Lily Reid Holt Memorial Chapel, on LFC's Middle Campus, corner of Sheridan and College Roads. Among the areas to be discussed are changes in America's space program, monitoring of earth satellites in regards to the ozone layer, deforestation, acid rain, greenhouse warming, and the Hubble space telescope's ability to help us settle questions about the size and age of the universe. For further information on New Frontiers in Space call, 735-6010.

'Group Invitational'

The Seebek Gallery presents a "Group Invitational" exhibit now through Feb. 28. Several local and area artists will be included in this show. The sweeping canvases of Nancy Greenebaum, the deep rich compositions of Carolyn Gagliardi, along with the mythological watercolors by Univ. of Wisconsin-Parkside's David Valentine Holmes and CLC's Edmond Kamwisher's small wood sculptures. The gallery is located at 5601 Sixth Ave., Kenosha, Wis. Hours are Tuesday through Friday, 10 a.m. to 5:30 p.m.; Saturday 10 a.m. to 4 p.m. and Sunday, noon to 4 p.m. Call (414)652-1795 for further information.

'Changing America'

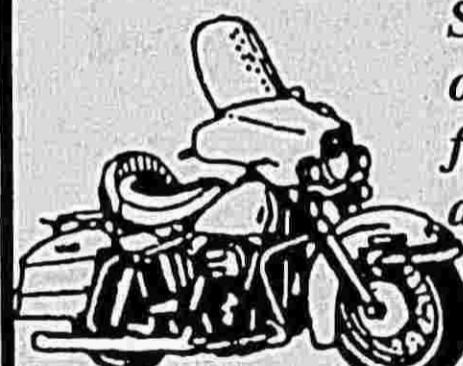

"Changing America," an exhibition of 40 black and white photographs taken by David Plowden over the past 23 years runs through Feb. 21 at the David Adler Cultural Center. In "Changing America" Plowden's uncommon photographs capture not only an America that once was, but the America we live in today. Call 367-0707 for gallery hours.

Barat College, Lake Forest. An opening and reception on Thursday, Feb. 25 from 6:30 to 8:30 p.m. will give viewers a sneak preview of the featured artists and their works. "At Home" is a group show highlighting the talents of five artists: a photographer, a printmaker and three painters. Through his or her art, each artist makes a statement about home life, whether documenting a culture, illustrating a space, or describing a psychological experience. The collective effort provides viewers with a varied visual commentary on life at home. The Reicher Gallery is located on the campus of Barat College, 700 E. Westleigh Rd., Lake Forest. Gallery hours are Monday through Saturday from 1 to 5 p.m.

Songs of Africa

A children's concert of Shanta: Songs and Tales of Africa will be presented at Libertyville High School Studio Theater, Park and Dawes Ave., Libertyville on Sunday, Feb. 28 at 2 p.m. Shanta blends traditional tales of African, Caribbean and African-American culture with songs, poetry, chants and instruments of African origin including the mbira, balafon and toa. Tickets are \$6 for adults, \$4 for seniors, and children.

Music

Folk/blues concert

Waukegan's Stage Two Theatre will present Gus Stagg and Stephen Jansen in concert on Saturday, Feb. 20 at 8 p.m. Tickets are \$5. With a combination of folk, blues and a touch of country, Stagg and Jansen perform original combinations that touch everyday life. Stage Two is located at 12 N. Sheridan Rd., Waukegan in the newly renovated University Center. For reservations call the box office at 662-7088.

Yiddish night

Stage performer, singer, and cantor Stewart Figa has had the unique experience among artists of his generation of having appeared for several seasons in Yiddish Theatre productions on and off Broadway. His involvement with this vestige of Second Avenue offered him the privilege of working with some of the legends of the Yiddish stage. His concert will be held at the David Adler Cultural Center Ballroom and will begin at 8 p.m. Admission is \$8 for adults, \$5 for DACC members, students, seniors and children. For further information call 367-0707.

Cabin fever jazz

On Feb. 21, "Six Friars and a Monk," a lively Dixieland Jazz band originating from Milwaukee, Wis., will return for its second year to Gorton Community Center, 400 E. Illinois Rd., Lake Forest. The band features Gert Stemper, who performs in the tradition of the "red hot mama" singers. Leader Doug Gmoser plays clarinet, with Dick Jacob on trombone, Dr. Bob Monk on trumpet, piano and drums, Ben Denison on cornet, Sonny Sibley on bass fiddle, Don Sheskey on drums, and Dal Albrechtson on piano and trombone. The band has been together since 1974. Their music is in the Chicago-style jazz tradition, which is the least structured of the various forms of Dixieland, and the group anticipated the other instrumentalists and responds to their improvisations. Tickets at the door will be \$15. For further information call 234-6060.

Chamber music

The acclaimed Partitura Danza Tedesca String Quartet will present the fourth concert in a series of chamber music programs at Lake Forest College on Monday, Feb. 22 at 8 p.m. Sponsoring this concert is Red and Black, a Lake Forest College student organization which offers programs to enhance the academic and cultural environment of the campus. The public is invited free of charge to the concert, held in the Durand Institute's atrium on LFC's north

campus. Members of the string quartet are: Lori Ashikawa and Tracy Gibson, violins; Terry Parisoli, viola; and Lake Forest College Assoc. Professor of Philosophy Abba Lessing on 'cello. For further information call 735-6010.

Melodeers

The Melodeers third place International Medalist Chorus, under the direction of Jim Arns, will present "Love—A Wonderful Thing" at 8 p.m. on Friday, Saturday, Feb. 26 and 27 at Marillac High School Auditorium, 315 Waukegan Rd., Northfield. Special guests will be the New Tradition Chorus, Spebsqsa. All seats are reserved, tickets are \$12, premium seats \$15 and senior citizens \$10. Contact Fran at 724-7061 or Val at (815)455-0083.

Q. Will video games harm my children's eyes?

Dr. James Doherty

A. Actually, video games may help sharpen your children's vision rather than harm it but only if they are played in moderation.

Staring at a video screen for hours on end puts the eyes under great stress. That can lead to headaches, fatigue, blurring vision and, in children and teens, may contribute to nearsightedness.

Played in moderation, however, video games can help sharpen vision skills used in school, on the job and in sports. These include eye movement skills; eye-hand coordination; visual reaction time; visualization; and side vision awareness.

Optometrists don't specify how many hours a day of video game play would be considered moderate play. Instead, they recommend five minute rest breaks for every 30 minutes of play. During rest breaks, players should look at things in the distance.

Six Flags Great America auditions

Auditions for singers and dancers for the 1993 musical shows at Six Flags Great America have been set for Saturday Feb. 20. Auditions will be conducted at the SCB Performing Arts Space, Chicago, 1505 N. Kingsbury (one block south of North Ave.) at 10 a.m. for costumed Warner Bros. character dancers only. 1 p.m. for singers only. Registration begins one hour prior to the scheduled call time. The minimum age for performers is 16 by March 1, 1993. Auditions will be strictly limited to one minute. Singers must bring music in their own key. No a cappella auditions or recorded accompaniment will be allowed. A piano accompanist will be provided. Singers should also be prepared to dance in a general combination and read from a provided script, if asked. The callback audition for singers will be held on Sunday, Feb. 21, at the Chicago audition.

Cross-country skiing

A three day cross-country ski trip to Eagle River, Wis., will be sponsored by the College of Lake County on Feb. 19, 20 and 21. Interested students should enroll for "Skiing Cross-Country" (PED 122-048), a one credit hour course. Accommodations will be provided in the rustic cabin setting of Trees of Tomorrow. Cost of the trip is \$101.25, which includes transportation, lodging and home-cooked meals. For information, call Candace Brasile at 223-6601, ext. 2481 or 2475.

Winter ecology

What kind of animals are active in the winter? What signs do they leave? What do they eat? Where do they sleep? Does anything happen in the trees while they "sleep"? What are those funny little balls on the goldenrods? Dormant trees, snow fleas and things like these will highlight a three mile hike led by Stacy Miller Saturday, Feb. 20 from 9 a.m. to noon at Volo Bog Stage Natural Area around Tamarack View Trail. Open to ages six to adult, call (815)344-1294 for reservations.

Trees in Winter

Winter trees show a special beauty as bits of spring tickle their dormant buds. Come enjoy their form and texture while learning to recognize and distinguish many species found at Volo Bog SNA Sunday, Feb. 21, 1 to 3 p.m. Led by Naturalist Stacy Miller. Ages 10 through adult. phone (815)344-1293 for reservations.

Harlem Globetrotters

Harlem Globetrotters, the most famous team in sports history, will appear at the Rosemont Horizon on Friday, Feb. 26 and Saturday, Feb. 27 at 7:30 p.m. The Celebrated Houdinis of the Hardcourt are embarking on their remarkable 67th season. Tickets are priced from \$9.50 to \$16 with youth, senior citizen and group rates available. For more information call 635-6601.

Disney collection

Magical moments from "Bambi," "Cinderella" and a host of other classic Disney animated films and cartoon shorts are captured in three dimensions by the Walt Disney Classics Collection, the first line of fine collectible figurines created by the Walt Disney Studios. The figurines will be on display at the Glass Impression, 34014 Barron Blvd. (Rte. 83) in Grayslake. For further information call 223-0555.

STARS

STARS Beauty and Talent Pageants will be conducting its tenth annual preliminary competition on Feb. 21, at the Holiday Inn, 6161 W. Grand Ave., Gurnee. The pageant is open to all area young between the ages of three and 19, and includes competition in beauty, talent and photogenic. This is the official preliminary to the Illinois State Finals which will be held in Peoria in June. Winners in each division will receive crowns, banners, trophies and their entry fees paid into the state finals. A cash award will be presented to the over-all winner. Registration time is noon, and the event is open to the public. To register or receive additional information, phone (815)877-0304.

Designer's Showhouse fundraiser

A "Bare Bones" fundraiser party is set for Feb. 27 to celebrate the 26th year of Designers' Showhouse. The fundraiser will be held on a two-acre estate located on Lake Michigan in Wilmette. The home is a Georgian Style mansion with six working fireplaces, a library, formal reception area and much more. Cost is \$50 per person which benefits the Park Ridge Youth Campus, the oldest nonsectarian child care agency in Illinois offering residential and educational programs for young people, ages 12 through 18. Not only is the Designers' Showcase a major source of income for the operation of the Youth Campus, it also offers a convenient opportunity for area residents to observe the results of prestigious designer efforts in a magnificent North Shore estate. For ticket information call 698-9028.

Dark side of success at Apple Tree Theatre

Critic's Choice Success has its allure: money, power, position. But there's a serious downside—the cost it can extract on long-time friendships.

And that's the subject explored fully in "Merrily We Roll Along," the revised Stephen Sondheim musical drawn from a book by George Furth and given a stylish presentation at Apple Tree Theatre in Highland Park.

What's engaging about this production concerning three college friends is how the tale is spun backwards. The principal characters are introduced at a party in 1976, and in each succeeding scene time skips back a couple of years or more.

Paul Slade Smith is still a lovable, wise-cracking lyricist who never got to do the politically correct work of his dreams, Anne Gunn is a published journalist/author caught up in a slump. Sean Grennan plays their friend, a Hollywood and Broadway composer consumed by his meteoric success.

Hollis Resnik shares the limelight as Gussie Carnegie, an actress also spoiled by success.

Director Gary Griffin also has assembled a strong supporting cast, including Rebecca McCauley as the spurned first wife and Gary Brichetto, the producer who knows what he likes (and likes that which has a commercial spin to it).

"Merrily We Roll Along" is the source of some animated and touching songs about chasing dreams and clinging to bosom buddies. One in particular, "Bobbie and Jackie and Jack," a witty political spoof of the Kennedys and politics in the '60s, amuses as much as "Old Friends" touches the heart.

This fine play runs through Feb. 28. Ticket information is available at 423-4335.—by TOM WITOM

Simon wins coveted acting award

Stage Two's Artistic Director Bryan Simon has won the 1992 Drama-Logue Outstanding Achievement in Performance award. Simon received the award at the Pasadena Playhouse, the State Theatre of California.

A native of Waukegan, currently living in Los Angeles, Simon was honored for his performance as Jeff Berger in the one man show "La Loma." The play premiered at Waukegan's Stage Two Theatre and later toured in Minneapolis and Los Angeles. It tells the true story of a photo-journalist who was wrongly imprisoned in a Mexican jail.

How To Write A Bestseller.

Give the reader all the specifics.

Pretend you are someone reading the classifieds. What would you like to know about the item, service or job you are advertising? Be sure to add details such as:

- color • size • condition
- brand name • age
- features • and benefits

Be accurate! Don't embellish your ad with misleading information. Stick to the facts.

Include the price.

Don't waste your time or a potential buyer's time. If you advertise the price of the item or service you offer, the people who respond to your ad will be those who are genuinely interested. Surveys show that readers are more interested in those items and services they know are within their price range.

Avoid Abbreviations.

Don't make a potential customer work too hard! Although you may be tempted to cut down on the cost of your ad by using abbreviations, surveys indicate that many people don't understand such abbreviations as EIK (eat-in-kitchen) or WSW tires (white side wall) and won't take the time to figure them out.

Include phone number & hours.

Let potential customers know when and where to call. Surveys show that even if a person is very interested in your item or service, he or she will not call back after the first attempt. Stay near the phone during the hours you indicate you will be available. Don't risk missing a sale!

Run consecutive weeks.

Your ad will not get results if people don't see it! Therefore, it is important to set up a consistent and consecutive ad schedule with your sales representative. Run your ad for at least two weeks.

Reel World

Gere, Foster mesh in 'Sommersby'

Call us old fashioned, but we have been missing the old historic epic pics and the extravagant musicals that jammed our screens 20 years ago.

Budgets and the times have made them few and far between, so we are pleased to see "Sommersby" hit the big screen.

This is a Civil War epic in the same genre (maybe not quite as grand) as Margaret Mitchell's "Gone With The Wind."

It's mainly a love story between a man and his wife, or maybe between a wife and her possible husband, well-played by two of Hollywood's finest, Richard Gere and Jody Foster.

Gere as Jack Sommersby, returns to his home and wife after the Civil War, during which he was away for six years

Jody Foster and Richard Gere

He is arrested for murder and the case against Sommersby is air tight. Of course if he isn't Sommersby he can't be hung for murder. Is he or isn't he?

The ending will not please everyone, but it shows that real heroism can pop up without warning in the most unlikely places.

We'll give this four stars out of five because we like Gere and Foster and also because of its refreshing oldness.—by GLORIA DAVIS

Home economists

The Lake County Home Economics Association will meet on Thursday Feb. 25, at the Lake County Extension Office on Rte. 45, Grayslake. The social hour will begin at 7 p.m. followed by the speaker at 7:30. Rev. George Frank, who does Pastoral Care at Victory Memorial Hospital will speak on, "An Introduction of Advanced Directives." Living wills, organ donations, and durable power of attorney are some of the topics he will address. All home economists or those with a degree in a related field are invited to

fighting for the Confederacy.

Despite many obvious changes in the man, the townspeople and his tenant farmers welcome him home hoping he can help them deal with the sparse living opportunities that are the aftermath of the war.

His wife and his dog do not look upon his return with the same optimism and happiness.

Doubts that Gere is really who he says he is, although he does resemble Sommersby, begin popping up right away.

Although he knows much about his past, his dog doesn't know him, his clothes and shoes are too big for him, and he doesn't recognize the name of his best friend.

It doesn't take long for the townspeople and Jody Foster to literally not care whether our hero is who he says he is.

Foster falls in love with him and has his baby, and he's as popular as can be with everyone else because he saves them financially with a tobacco planting project.

All that is, except for the man who was hoping to marry his wife, played by Bill Pullman, and the KKK who doesn't like him allowing black tenant farmers to buy their land.

Just as things seem to be going great for our hero and heroine, everything falls apart.

He is arrested for murder and the case against Sommersby is air tight. Of course if he isn't Sommersby he can't be hung for murder. Is he or isn't he?

The ending will not please everyone, but it shows that real heroism can pop up without warning in the most unlikely places.

broom wire nailed to the side of the building. The piano entered the blues scene via New Orleans' redlight district. Piano Bob and Snowman go back to the early days of blues for their inspiration.

"One thing I learned on the trip is that the style of music we do is such roots music — country, rock — it's the roots of all this stuff," said Ken.

"I took a tape home over Christmas and everybody loved it, both young and old," said Ken.

"I love his music. I exercise to it," said Ken's sister, Patty. Ken has two other sisters, Sharon Brown of Northbrook, and Kathleen Piasecki of Antioch.

The duo of Piano Bob and the Snowman, based in Fort Lauderdale, Florida, plays weekly at the Coco Walk. This summer, the duo plans to hit the blues fest circuit, possibly stopping at Chicago's Bluesfest in June.

Horoscope

ARIES (March 21-April 19) Count on ideas — and wild ones at that — dominating the scene this week. You push and shove to make your point understood, and you will be heeded. No matter how you look at it, you've done your best and have many a reason for celebration.

TAURUS (April 20-May 20) Getting into another's head is hard, if not close to impossible, but you do it, thanks to the old Taurus determination. Count on paying dearly for it, because it comes with additional responsibility. You handle it all well.

GEMINI (May 21-June 20) Your creative energy is high, and you feel great all week long. You love all the attention, and you maximize every single moment of the doting. Be more upbeat about a business proposition, though you may choose not to take it. Take off this weekend.

CANCER (June 21-July 22) Work reaches a new level, and you feel on top of it all. Ask questions that are appropriate. Partnership play a significant role in your week. You bone up on your social and interpersonal skills. Listen to your inner voice about whom to be with and where to go.

LEO (July 23-August 22) Count on a late start and an early ending to the work week. Don't forget to let the boss know you are heading out early. Go where the people and the fun times are, and have a ball the whole weekend long. Embrace life's fun side.

VIRGO (August 23-September 22) Get a personal matter handled early on in the week. You may want to charge some of that energy into your work or you could find yourself stuck as the weekend arrives, trying to catch up on all your work.

LIBRA (September 23-October 22)

Reach out for another, and talk through ideas, problems and necessary changes. You may need to look at an investment that affects your home life with some caution. Your more romantic side takes charge as the week comes to an end.

SCORPIO (October 23-November 21) Examine alternatives surrounding money, communications and home life. Talks open up a whole new realm of possibilities. Postpone any decisions until the last possible moment. The fun starts late, but it's worth it.

SAGITTARIUS (November 22-December 21) You claim your power this week. Decisions regarding finances, work and domestic matters all come easily to you. Stay confident and know you will make the right choices. Take an assertive but non-threatening stand with a friend this weekend.

CAPRICORN (December 22-January 19) You may need to catch your breath before you launch into the week. You take action finally and are able to have matters more to your liking. Your personality blooms, and others can't help but respond.

AQUARIUS (January 20-February 18) You bounce all over this week — first high, then low, then high again. What is great is how the work week ends — wonderfully rewarding and with you on top of the world. Let others see that friendly, humanitarian side of you.

PISCES (February 19-March 20) Accepting what goes down makes this an easier work week. Stop kidding yourself about your options. Recognize what is inevitable and what you can change. Be careful about touting your accomplishments too hastily. Spend the weekend resting up.

Kick back and enjoy at The Country Squire

Most of us save our dining out to weekends and tend to forget that we can have a long, leisurely, unhurried dinner at the Country Squire Restaurant on week nights when it's simply not so crowded. And that gives you a little bit longer to enjoy friends or each other.

And when you're with good friends you can take more time to talk while you enjoy the Country Squire's famous lazy suzan that's part of your dinner. Liver paté, two surprise salads, cheese and more. Of course our fresh spinach salad with warm oil and vinegar dressing and topped with crisp bacon and chopped egg is always a treat. But, you may also have a tossed salad with your choice of dressing or our creamy cole slaw or fruit Jell-O. You also have your choice of potato or vegetable.

Chicken is popular with many of our customers and we have cooked up some taste delights to enjoy. Breast of Chicken DeJonghe is a diced boneless chicken breast delicately baked in a delicious garlic butter sauce, herbs and wine. Or try Chicken Kiev, our boneless breast filled with seasoned chive butter, topped with orange sauce and served with wild rice. How about Chicken Parmigiana, our boneless breast baked in tomato sauce, mozzarella and parmesan cheese? Breast

or Chicken Oscar — we sauté the breast and top with crab meat, asparagus spears and sauce hollandaise. Or you can have your chicken pan fried, broiled or barbecued.

But you may opt for our steaks, chops or seafood specialties, and don't forget we always have our specials of the day to choose from.

Many tend to forget about desserts, but you really should allow yourself to be tempted once and a while! Crepes ala mode — our thin French crepes stuffed with vanilla ice cream and topped with chocolate sauce and a touch of whipped cream. Or our famous Florida Key Lime Pie, we know there's imitations, but we do have an exclusive on this recipe — it's creamy, sweet, but slightly tart and made from the tiny key limes. Yes we do have sundaes, sherbets, strawberry cheesecake, but when did you last try our Black Forest Torte or Chocolate Mousse? Hmm?

After dinner you can have your coffee or beverage tableside or in Mr. Sear's living room. Stay as long as you like and enjoy yourselves, that's part of the pleasure of the Country Squire Restaurant!

The Country Squire is located near the intersection of routes 120 and 45 in Grayslake. Call 223-0121.

parks wherever he wants to park. He should be so grateful to God that he doesn't have a physical problem and need to park in those handicap spots. Those places were made for people who can't walk or get around easily. It's a shame he feels the way he does. This is how many people feel today. They have no concern for other people.

Trust Pet Or Congressman?

A very stupid caller cannot understand why animals should have rights. Many animals have saved lives and guided the blind and have earned their rights. Stupid people would probably trust a congressman before the intelligence and loyalty of dog or cat. Apparently, stupid is brainwashed by animal-hater Rush Limbaugh. Crawl back in your sewer — stupid.

So There!

Since the people in Fox Lake think it's such a great idea Antioch gets the riverboat casinos, I think it's fabulous that Fox Lake gets that asphalt plant. I'm from Antioch.

Dissection Is Unethical

The reported dissection of cats, frogs and other animals in the Wauconda and Lake Zurich high schools biology classes is outrageous, unnecessary and serves absolutely no purpose. The public should know that suppliers of lab animals are engaged in a dirty business, which includes theft of family pets. Students who object to animal dissection should have their parents demand alternative assignments. For further guidance, contact your local humane society and/or an organization called People for the Ethical Treatment of Animals.

New Station Not Worth It

I'm from Wauconda and I'd like to talk about Wauconda's new police station, which they spent more than \$1.5 million on. Check out the whole building. If you think the skylights are bad, but there are other things that are worse. If you have a chance to stop in, ask for the chief and get a free tour. You'll get your penny's worth — since that is what the whole building is worth. If you want, stop by and look around. You'll be amazed.

Blame Beavers Or Builders?

I'd like to respond to "Beavers or Flood." I'm a resident of Lake Villa. I don't think the issue is two or three rodents versus flooding basements during spring rains. The issue, as I see it, is wetlands protection for endangered and potentially endangered species versus development. Most of this county probably shouldn't have been built on in the first place.

Watch Them Closely

I will definitely vote in the spring election because

taxing bodies are counting on voter apathy to slip through referendums. If not, why would Antioch High School be announcing a \$25 million building referendum after similar ones were defeated in 1992? I urge all voters to consider the seriousness of these issues and vote your conscience.

We Do Care!

This is in response to the guy who said he'd eliminate Waukegan, North Chicago and Round Lake Beach to get rid of Lake County's skyrocketing taxes. I just want to tell that person that I live in Waukegan and I do have a job. I do care about having a quality job, so does my husband and all of my neighbors who live in Waukegan.

I'll Go For That

I'm calling in response to "Teachers Are Baby-sitters." I think we should pay teachers the same as baby-sitters — minimally \$2 per hour. For a teacher who has 28 students for seven hours a day, 176 days a year, a teacher would make \$68,292 each year. Yes! Teachers should be paid the same as baby-sitters.

Conceited And Proud

This is to the jerk who parks in handicap parking spaces. It's not so bad that you park in these spaces, but you seem to be proud of it. If the rest of your body is as fat as your head, why don't you try jogging around the parking lot while your wife shops.

Hook, Line and Sunk

I'm unhappy with Gov. Jim Edgar because I'm a senior and won't get the free fishing license I was looking forward to. Thanks to him, I have to pay \$4 for it. I'll see you the next time voting time comes around.

Who Do You Talk To?

This is in response to the person who said teaching is like baby-sitting. I would like to know what teacher works for only five hours a day. I've been teaching for 15 years and I work a minimum of nine to 10 hours a day. I also go in on weekends and bring home a mountain of work. I work with 115 junior high science students each and every day. We are not baby-sitting. We are forming the next generation. I am appalled by this man's interpretation of teaching. I'm from Libertyville.

One Way To Solve Problem

This is to "Park Where I Want To, Parts I and II." I'm glad to see that you park in the handicap parking areas because there aren't enough handicapped people for the spaces. Your comments prove that you are wrong and handicapped, even though your disability isn't physical. To those out there who feel like I do, keep your eyes open for vehicles that are parked in handicap spaces. When you see one, get a description of the vehicle, license number and report it to the police. I'll be glad to

be watching when you get a ticket.

You're No Better Than Us

I'm from Antioch and this is in response to the person from Libertyville who thinks residents out there should have a say in riverboat gambling. Being from Libertyville doesn't make you any better than people in Antioch. You also have no business in saying what we should have out here. I personally think they should legalize drugs and prostitution in Libertyville to knock you people down a peg or two.

Blanket Statement Is False

This is in response to the person who said the only people who live in Waukegan, North Chicago and Round Lake Beach are those on welfare and don't give a hoot about getting a job. I find those comments very offensive. I live in Round Lake Beach. Between my husband and I, we make more than \$50,000 a year. It may not be a lot to you, but it is comfortable for us. Yes, there is scum around here in our town and others, but we are not.

Problems Start At Home

This is to "Open Your Eyes." I'm originally from Nevada and I've lived here seven years. Not a day goes by that I'm not shocked at the dimwits and ignorant people that are all around Round Lake Beach. There may be gangs in the schools and punks ripping off stores, as well as drunken jobless people all over town. Show me a town where there isn't. The problem with this town, and towns all over America, starts in the home. Too many people don't give a crud about their kids.

Watch Out, Teddy Bears

I'm calling from Grayslake. We should feel sorry for the village idiot who called Lipservice and is too mentally dumb to know that animals have rights. They were intelligent enough to balance nature, long before that village idiot was born. He was so funny when he said, "When I last checked, they couldn't vote, drive or get married." What a brilliant analogy. However, he forgot that most animals couldn't afford to go to Harvard Law School. He's so mad now that he may try to drown his teddy bear.

Gambling Already Here

Hi, people. First, I would like to say how much I like Lipservice. I really think you're great. I'd like to bring up the riverboat issue again. For all you people who are against it for moral reasons, I would like to bring your attention to two OTB places in your backyards, along with seven instant and two weekly lottery games. Lake County is third in the entire state in lottery sales. Let's not forget our friendly Bingo parlors — 44 at last (Continued on page 42)

OBITUARIES

Anna P. Becker

Of Silver Lake, WI and previously of Lake Villa for many years died on Friday, February 11, 1993 at Mt. Carmel Care Center in Burlington, WI. She was born on March 28, 1907 in Northboro, Iowa. Anna Becker was a member of Silver Lake Community Baptist Church in Silver Lake, WI.

Survivors include one son Robert W. Becker of Burlington, WI and one sister Alice Grauzas of Wheaton, IL. She was a grandmother to Richard D. Becker and Deborah A. Krueger and a great-grandmother to four. She was preceded in death by her husband William F. Becker, a grandson Gerald and three brothers.

Funeral services were held at 2 PM on Monday, February 15, 1993 at the Ringa Funeral Home, 122 S. Milwaukee Ave., Lake Villa. Pastor Brad Dickinson officiated. Interment was in East Fox Lake Cemetery.

Shirley May Toepper

Age 62 of Cass Lake, MN, formerly of Antioch, IL, passed away Wednesday, February 10, 1993 at the North Country Regional Hospital in Bemidji, MN after an extended illness. She was born June 9, 1930 in Burlington, WI, the daughter of Cletus and Ruby (Murdoch) Vos. Shirley had lived in Antioch for many years where she graduated from Antioch High School and was a member of St. Peter Church. On April 2, 1949 she married Marvin Toepper in Antioch. She moved to Cass Lake in 1973 where she and her husband had operated a resort for several years.

Survivors include her husband Marvin; one daughter Linda Winters of Bemidji, MN and one son Jack (Arlene) Toepper of Brooklyn Park, MN; her mother Ruby Vos (A.G.) Simon of Sunland, CA; two brothers Jack (Corky) Vos of Blue Eye, MO and David (June) Vos of Antioch, IL; three sisters Jean Irving of Antioch, Ann (James) Krieger of Laporte, MN and Sue Ellen (Andy) Johnson of Antioch; grandmother of five and many nieces and nephews. She was preceded in death by her father Cletus Vos.

Funeral services were held at St. Charles Catholic Church in Cass Lake, MN on Saturday, February 13. Interment was private. Friends desiring may make contributions to a family memorial in her memory.

LIPSERVICE IT'S THE TALK OF THE TOWN

Lakeland
Newspapers

(Continued from page 30)
count. And finally, don't forget about our non-profit sponsored Las Vegas nights. With a modest estimate of two each year in each town of 1,000 people, I wonder how you can be morally against something that's been here for ages and not say anything against it until now? Correct me if I'm wrong, but isn't gambling still gambling, no matter what form it's in? For a county of 500,000 people who spent more than \$100 million in gambling during a recession, I don't get what all the hoopla is about. By the way, that's more than \$200 per person.

At Least He's Trying

I'm responding to "FBI At LHS Ain't OK." First of all, I'm a student at Libertyville High School. Speaking for most of us, we'd rather listen to a guy who can help some of the racism problems at our school than to you, whose complaining won't solve anything at all. At least some of us care what Tom Martinez had to say.

Don't Dwell On Negative

I'm from Round Lake Beach. Yes, there are problems in Round Lake Beach and nobody is trying to hide them. Many of us try to see the positive things in the area, not the negative. If we dwell on the negative, then we'll have to dwell on all the other places that surround us that are also bad. You can't move away from your problems. Know what's happening and you'll know what the problems are.

Spots For Handicapped

I love Lipservice and I like the message on the answering machine. Here is another call about people parking in handicap spaces. I must agree that the handicapped should have a place to park, but how many times do you go to a mall and see many parking spaces for the handicapped. You might have to park one block away because all of the other spots are taken, except for the handicap spots. Nine times out of 10, you don't see one car parked in a handicap area. Those spots do take up a lot of space, but I do believe those spots should be reserved for the handicapped. I think there are too many spots.

Divorce List Is Unnecessary

I just got through reading the Round Lake News and I just came across a complete list of people who are getting divorced? Come on! Get off of it! These people are having a hard enough time as is. Do they need the public disgrace, too? Maybe they don't want anybody else to know about it until it's over with. I think that article should be taken out! That's ridiculous.

That'll Work — NOT!

This is in response to "Dump Tax-Eating Workers," who complained about teachers and raises. I've got an idea. Let's fire all the teachers, close all the schools and let our kids grow up to be really stupid, unintelligent, uninformed people, just like the person who called.

Rah, Hainesville

Two, four, six, eight, who do we appreciate?
Hainesville, Hainesville, Hainesville.

We're Not All On Welfare

I'm calling in response to the person who said one way to lower Lake County's taxes would be to get rid of Waukegan, North Chicago and Round Lake Beach. Well, obviously this person came from one of the wealthier suburbs. I live in Round Lake Beach and I want to let this person know that we don't all live on welfare.

Chase Is Wrong

I'm very saddened about the crash that killed the young couple. I hope we can someday remedy this so no more lives are lost. I don't like the high-speed chases, however, I know that there is a criminal element. Three lives are gone, and two were completely innocent. I don't know the people, but I hope the families can deal with their grief because it must be very, very bad.

Dissect My Wife's Cat!

I'm from Antioch and I just read about Wauconda High School dissecting cats in the biology classes. I'd like to know where I could apply to get my wife's cat dissected

because I can't stand the thing. I'm all for the furtherance of science and it sounds like a good cause. Please let me know.

Dissect My Husband!

This is the wife of the Antioch man who just called to say he wants to have my cat dissected. I'd like to know if there's a place to call to have my husband dissected. Thank you.

You Blew It! Or Did You?

I'm from Fox Lake, and I hate to say it, but you blew it Lipservice. You say that calls are printed in the order they are received. How could his new call be printed without the first one ever being printed? I'd like an answer to that one.

Editor's Note: Each week, the calls are printed in order they are received. If we retained all unused calls for following weeks, we'd be backed up about three or four months. We receive hundreds of calls each week and try to get in as many as possible for the week.

It May Happen To You

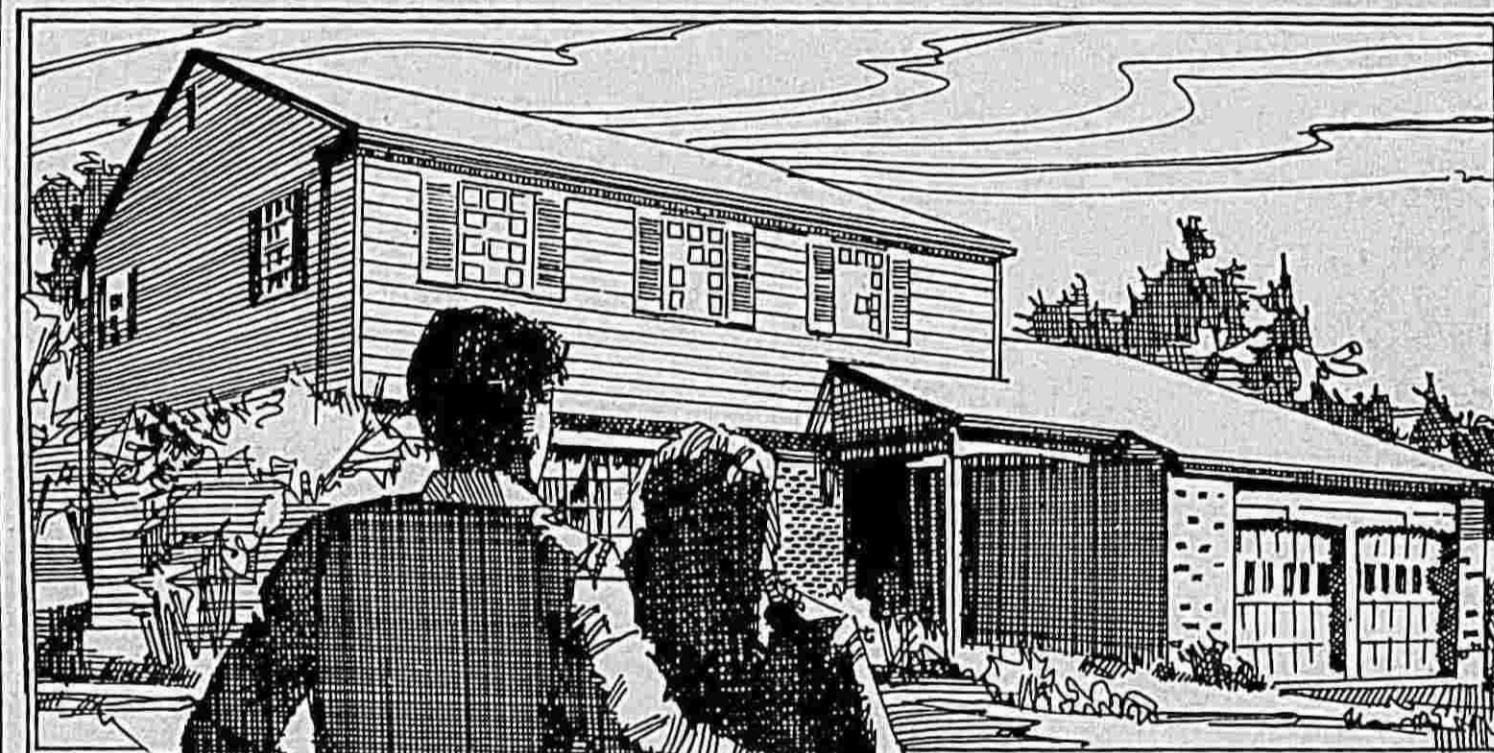

This is addressed to the idiot who parks in handicap parking spaces. I've had the experience of temporarily being in a wheelchair and then on crutches. I greatly appreciated parking in the handicap spots. What goes around, comes around. Don't be too sure that you won't be in need of one of these spots someday.

Where Is The Speed Trap?

You're doing a wonderful job out there, Lipservice. I've got a question. Where is this speed trap you're talking about? I've lived in Hainesville for many years and have not seen a speed trap. Give us a definition of a speed trap. There are signs clearly marked throughout the area, and posted. If you can read and control your vehicle, there should be no problem. The police are doing their job. Your job is to drive responsibly.

Unbeaten Browne leads qualifiers at state meet

When a wrestler completes an undefeated season and heads to the state finals, there are often some solid reasons why.

Mundelein's Eric Browne may trace his success back to his success in the sport back to his sixth-grade year at Carl Sandburg Middle School. It was then that he met Sam D'Anza.

"He taught me a lot when it came to fundamentals," Browne, a senior, said. Browne is 35-0 at 125 pounds, heading into this weekend's state finals at the University of Illinois in Champaign. He leads a strong contingent of first, second and third-place winners from the Barrington sectional.

Browne defeated Grayslake's Mike Kearby in a hotly contested 7-4 decision.

"Sam and I agree on the philosophy of wrestling," Mundelein Coach Dennis Szymkowiak said.

Kearby and Browne had wrestled before in freestyle tournaments this summer.

"Eric is peaking at the right time," Szymkowiak said.

He wrestled 119 pounds his first two years. Szymkowiak recalls Browne showing promise early on. "I had a feeling something like this could happen," he said.

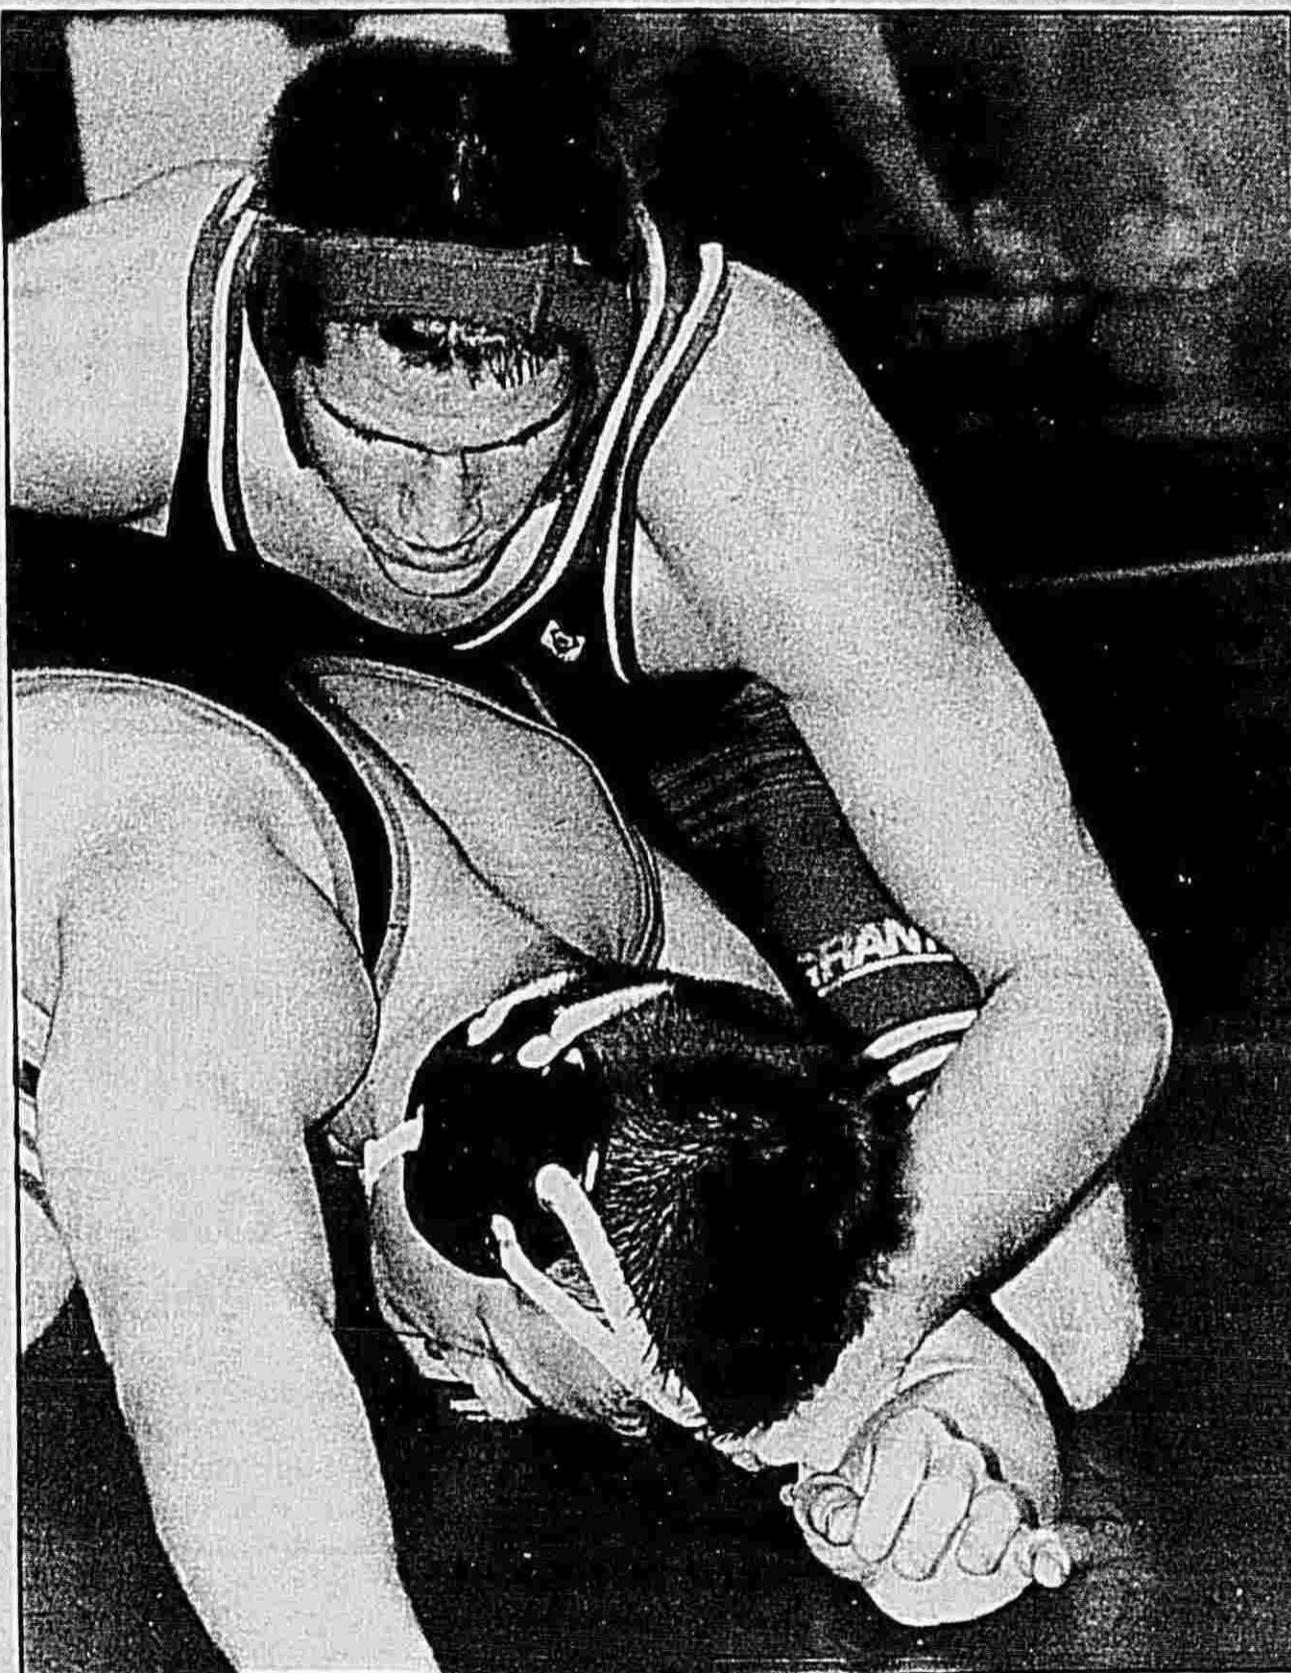

Eric Browne

Edgar Lenz of Grant gave Browne his most serious challenge this year, losing only 6-3 early in the year. The two met again at Barrington, with Browne winning 11-3.

Browne has been attending the state wrestling meet as a fan since eighth-grade and remembers watching the likes of Al Strobl of Lake Zurich.

"One of my goals has always been to participate in the Grand March (of finalists)," Browne said.

March Madness starts again

Pairings are set for the Stevenson sectional boys basketball tourney.

It begins on March 2 with the following 7:30 p.m. games: Grayslake (16) at Waukegan (1); Lake Zurich (9) at Carmel (8); Antioch (13) at Highland

Park (4); Round Lake (12) at Mundelein (5).

March 3 games: Zion-Benton (15) at Lake Forest (2); Deerfield (10) at Libertyville (7); Grant (14) at Stevenson (3) and North Chicago (11) at Warren (6).

The semifinals are actually where the pressure is at in the sectionals, as it takes a third-place finish to qualify.

Jim Edwards of Johnsburg, who lost to Browne, beat Tony Carlsen of Libertyville in the third-place match 6-3.

Carmel's Derrick Noble, who took second last year in the state at 119, pinned Jason Glover of Barrington.

Mike Kukla of Round Lake downed Marc Zehr of Hersey for the title with an 8-1 win. Other title winners were: Noble's teammate downed Gary Bailey of Round Lake 8-3; Scooter Hill of Libertyville downed Verne Pope of Waukegan 10-6; Jay Lennon of Johnsburg downed Jim Messer of Hersey 10-3.

Shawn Powers of Grant downed Steve

Eckenberg of McHenry 11-4 at 189 pounds.

Brian Paul of Stevenson took a second at 119 as did Dave McClellan of Warren at 140 and Rusty Nofsinger of Round Lake at 145.

Earning those pressure-packed third-place battles were: Edwards at 125; Bob Paulson of Libertyville at 145 with a 6-2 win over Mark Valderperas; Dean Bielawa of Stevenson won a dramatic 5-4 win over Ted Rexford of Cary-Grove. Nick Tsiakals of Lake Zurich beat out Chris Hagg of Antioch 10-4 at 189.

Reed Christensen of Libertyville, who had only lost once all year before the sectional, bounced back to pin John Spencer of Hersey in 3:38.

Grant rallies, closer to goal

The rebirth of Grant basketball may have actually started on a long night in Lincolnshire.

The Bulldogs were embarrassed that night 100-42 by Stevenson as the Patriots completed a 7-19 record. Coach Tom Maple could look at the roster and see Tim Culotta, Dave Lipinski, Nelson Anderson and Mike Ingram would all be back for another year.

Grant's comeback as an area power is now complete. The Bulldogs snared a two-game lead with three games left in the Northwest Suburban Conference with a 78-70 win over Round Lake. The win featured a comeback from 14 points down and was the second in three tries against the rivals.

"From the summer on, we knew we had the talent to win the conference. It just had to be managed correctly," Maple said.

The Bulldogs' Culotta, a 6-3 forward, led the home team's effort with 27 points. In the first half, he kept the Bulldogs in the game as the Panthers had leads in double digits. He started the third quarter with a

"Coming back from 14 points down against Round Lake for a two-game lead with three to play was the turning point. We have some options in the last two games to work on things for regionals," Maple said.

Grayslake helped secure the title for Grant by knocking off Round Lake 73-58.

Grant secures title share

Grant High's basketball team used a 21-12 second quarter spurt to get past Wauconda 54-40 and win its first Northwest Suburban Conference title in six years.

Grant (11-2, 16-7) received 19 points from Mike Ingram, 14 from Tim Culotta and 10 from Nelson Anderson.

"We had a 12-2 run in the second quarter as we got the ball inside and hit a couple of threes. We then took control of the game," Maple said.

Wauconda (3-11, 8-15) had been playing well of late, winning its last two games.

lay-up, his third three-pointer and some inspiration for the home crowd.

"In the first half, it was more the hype of the game," Culotta said.

Culotta is used to his role as the big man with the outside shooting touch. "We have four guys on the court who can leap," Culotta said.

Nelson Anderson played what Maple described as a "sleepy" first quarter but exploded for 15 second half points, two coming on a dunk.

"I knew I could play better. In the second half, we showed how much we wanted the conference title," Anderson said.

The Bulldogs (10-2, 15-7) grabbed control of the rebounds and then some. Grant held Round Lake to seven second half rebounds.

Grant held Round Lake's sharpshooters in check as Scott Ellenwood had 12 points at halftime but added only six more.

"We used a box-and-one in certain situations," Lipinski said.

Bob Swanson muscled his way to 16 points for the 13-9 Panthers.

King, Waldenstrom find sportsmanship worthwhile

by STEVE PETERSON
Lakeland Newspapers

Joy King could not hold back the tears. And inside, she probably did not want to. They were not tears of joy following a 48-39 win over Grayslake in the Highland Park girls basketball sectional opener. Instead, they were tears which seemed to offer condolences for someone who had just lost a big part of their life.

That someone was Allison Waldenstrom, who battled side-by-side for three years with the Round Lake leading scorer. She won the scorebook battle 18-16 Monday, but in the end both players gained a friend. "It is really hard to see someone go out like that. You remember that you are not that far behind. You have to move on and play. We'll get together in the summer," King, her voice crackling, said.

The two had a chance to go one-on-one at the end of the game, and before the game, gave each other a hug. The two are co-

MVPs in the Northwest Suburban Conference.

Round Lake (18-7) advanced to the re-

gional final against fourth-seed Deerfield, a team it had beaten earlier. Deerfield downed Grant 52-40 in another first-round

Joy King

Allison Waldenstrom

game.

"We came out and got the job done in the first quarter," King said.

Grayslake (10-15) started to believe in itself after the first quarter in the last meeting and upset the Panthers by five.

"We played with more intensity than we did last time," Panthers Coach Gary Edge said.

Round Lake's smothering defense took away the Rams' vaunted three-point shot. Jennie Dunbar did not hit one until the fourth quarter.

Offensively, Cassandra Bass had 13 and Felicia Sardin had 10 points and 13 rebounds.

"She does not know how good she can be," Edge said of Sardin.

"I worked very hard on my post moves and rebounding," Sardin said.

A sophomore on the varsity, Sardin fit in right away, according to King.

Late-season victories could bode well for Lady Lancers

College of Lake County's women's basketball team found itself in a dead heat with Oakton, tied 61-51 with two and one-half minutes remaining.

"We were not able to score in the final 2:30 and they got five free-throws," CLC Coach Don Zeman said.

The result was a 71-64 loss, handing the Lancers an 11-13 overall record, 3-5 in Skyway Conference

play.

The Lancers were looking to bounce back this week, first on the road at Elgin and then at home Feb. 18 against Morton and Feb. 20 at 1 p.m. vs. Waukesha.

"Three wins in a row would give us a good frame of mind for the tournament," Zeman said, referring to the upcoming sectional IV tourney.

Although the Lancers

lost, Zeman saw some positives.

"Jenny Hagen and Jessica Conti gave us a good game from the outside," Zeman said.

Both had 12 points. Julie Frankowski had 16 points to lead CLC and Liz Johnson added 14 points.

CLC could not overcome Oakton's 24-3 huge margin in free-throw shooting as Jane Steffen made 12.

Grant girls fall; Pats cruise

Grant's leading scorer did her part, but that was not enough for the Bulldogs to get past Deerfield.

Vickie Nelson scored 18 points, but was the only one to reach double figures as Deerfield won 52-40. Erin and Kris Klein both had eight points for Grant.

Grant (14-11) battled close for a half and trailed only by four in the third.

But the Warriors then went on a run.

Deerfield advanced to the regional final at Round Lake Feb. 18. At stake was a berth in the Highland Park sectional semifinals.

The sectional's top seed, Stevenson, had no trouble against North Chicago, winning 67-13. Almost everyone but the managers played in the game. Senior Tina Stops led the Pats

with 11 points. Ellen Davis, usually a reserve, broke into double digits with 10 points.

Stevenson (24-4) advanced to the regional final Feb. 18 in Lincolnshire.

Elsewhere, Amy Scharlau's 15 points paced Wauconda past Genoa-Kingston 58-40 in the home team's Class A regional. Wauconda (14-11) moved on to face Marengo in the semifinals.

Patience and self-discipline keys to Lake Zurich attack

Fans of opponents have a tendency to call it boring. But Lake Zurich Coach Doug Cook has different adjectives for his team's style of offense.

"I think it takes a lot of self-discipline and a lot of patience," Cook said of the ball-control attack.

"This is the second-year we have used it and we put it in for teams that use a lot of man-to-man pressure. It's

our man offense - instead of using two or three passes to score, we use eight or 10," Cook said.

The results have been positive and then some this year for the Bears. Lake Zurich downed Cary-Grove 55-43 as is style dictated the tempo. The Bears improve to 15-8 overall, 7-5 in the Fox Valley Conference Conference. Lake Zurich hosts the team above it in

the standings, Woodstock, in a 7:30 p.m. game Feb. 19.

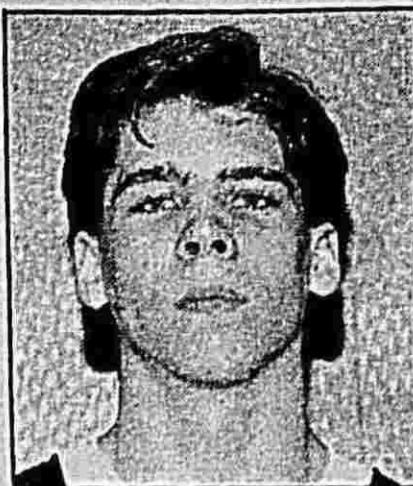

"The kids work hard on the offense in the off-season and believe in it. When you believe in something, you do better at it," Cook said.

Senior guards Mike Gavigan and Brad Marshall stepped up to lead the Bears with 13 points each. Marshall had two three-

pointers, Gavigan one. Foul trouble limited the scoring from Brian Kretschmer (eight points) and Rob Grisamore (seven points).

The Bears, who started the season with a tournament title at Round Lake, are proud of reaching the 15-win level.

"I think we have exceeded our expectations," Cook said.

CHS football stars Loud, Clark ready for next step

Two Carmel High School football standouts are secure in their future for at least next fall.

Art Loud, a defensive lineman, will attend Ball State University as he signed a national letter of intent to attend the Mid-

American Conference school.

"He will redshirt his first year, but he has an excellent attitude about it," Carmel Coach Mike Fitzgibbons said.

Loud, 6-4, 220 pounds, was also looked at by Illi-

nois State and Eastern Michigan University. The lineman was a key to the Carmel defense as the Corsairs went 6-4 and made the playoffs last fall.

College Prospects of America Services, which presents the skills of high school football players to colleges was used, but Fitzgibbons said assistant coach Andy Bitto's Ball State connections (he is a former Cardinal) was a larger influence.

"I felt good around the campus," Loud said. He is interested in majoring in accounting.

The Cardinals were 5-6 last year.

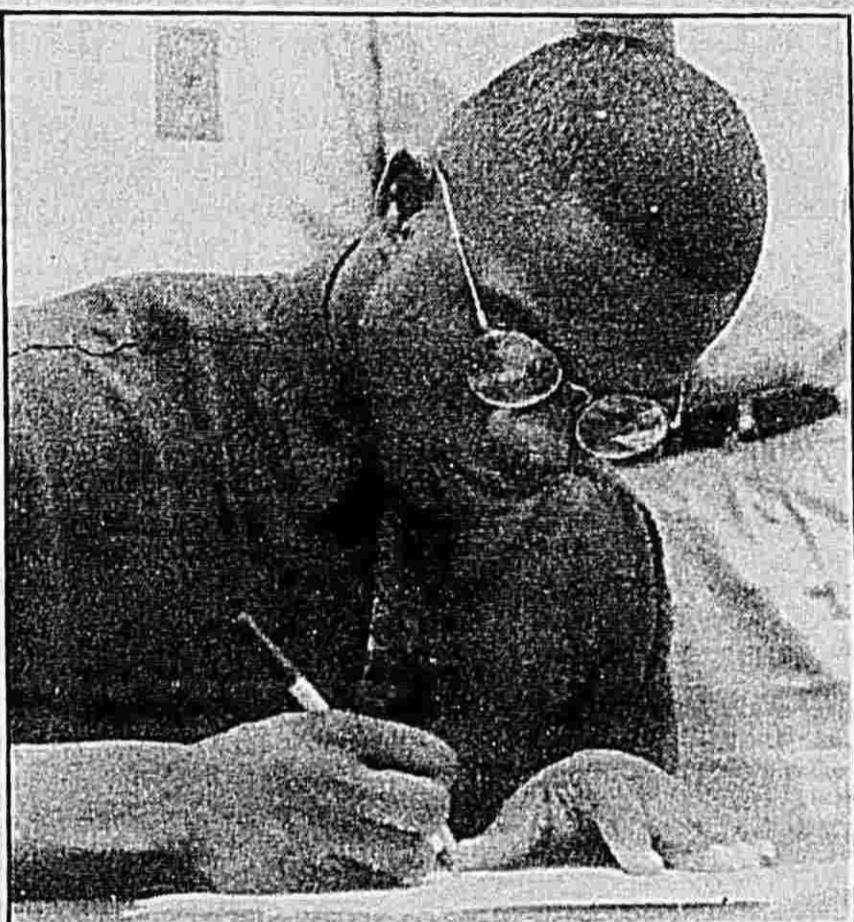

The inspirational leader of the Corsairs, running back J.D. Clark, is headed to the College of DuPage.

Clark averaged 5.5 yards a carry and garnered 500 yards in 1992.

"For a junior college, it is a very good school. Ninety-two percent of the players go on to four-year schools," Clark said.

He plans to major in business.

Both Clark and Loud are North Chicago residents.

Defense keys Libertyville girls in 20th win of season

Libertyville High School girls basketball team finished the regular season with a strong defensive note, downing Lake Forest 50-18.

The Wildcats entered this week's Highland Park sectional with a 20-5 overall record and 12-3 in the North Suburban Conference.

The Wildcats held the Scouts to without a single field goal in the third quarter after a 43-14 halftime lead.

Eric Chung tallied 11 points to lead the way, eight in the second half.

Sarah Weiss added 10 points. Kelly Karl scored eight points but her playing time was limited due to illness.

Libertyville, while shutting the Scouts out, was hot from three-point land with six treys.

Balance gives Rams second win of year over Panthers

Could a fluke be developing into a trend? The Grayslake Rams boys basketball team does not believe its 10-point win over Round Lake was any fluke. So the Rams did themselves five points better Tuesday, winning 73-58.

"We want to play well in our last three games and get ready for regionals," Grayslake Coach Greg

Groth said.

The Rams (7-6, 11-12 all) received double-digit scoring from Dave Mandrala with 20 points; Todd Alfred had 17; Jay Horvath, in only his second start of the year, 13; Steve Taylor 12 and Brian Andrews 10.

"Andrews played great defense and Taylor did a great job on the boards. Horvath did a great job on the point and Brian Stech

came in and only scored two points but really played the floor well," Groth said.

Scott Ellenwood led Round Lake (8-5, 13-10) with 26 points. Bob Swanson had 14 and Aaron Yazzie 13 points.

The home team cut an early Grayslake lead to 25-22 on Ellenwood three-pointers, but the Rams took over in the second half.

Grayslake was without the services of Geoff Sponholz, out with an injured ankle. home games. Grayslake hosts Johnsburg Feb. 19 and NWSC champ Grant Feb. 23.

The Rams finish the regular season with two

Waukegan in the first round

of Stevenson sectional March 2. "We've lost five games by a total of 10 points. We feel we are a better team than our record," Groth said.

Scouting report

Johnsburg at Grayslake

Date: Feb. 19

Time: 7 p.m.

Team records: Grayslake 6-6 in Northwest Suburban, 10-12 overall; Johnsburg 3-9, 8-13.

Key players: Grayslake's Dave Mandrala, Steve Taylor; Johnsburg's

Todd Freund, Rob Fehling.

Keys to game: Grayslake is in a roller coaster of a league season. The Rams downed Round Lake twice, but lost to Marian Central and Johnsburg last time. Johnsburg continues to slump on offense.

Prediction: (19-11 overall): Rams by 10.

Stevenson's boys basketball team overcame a Jordan-like point total from one player and a halftime deficit to post two victories and get back in the North Suburban Conference race.

Revenge will be the Patriots' top goal when they travel to Mundelein Feb. 19 for a 7:30 p.m. game. Stevenson comes into the contest tied for second place with Libertyville at 10-4. Both teams trail Lake Forest by one game, and with Lake Forest and Libertyville clashing Feb. 19, the Pats could be in a good position.

Jason Justus led the Kenyon Catching-less team, with 18 against lowly Antioch and 28 against North Chicago.

"Jason has been playing real well now. He has matured as a player," Stevenson Coach Ken Johnson back.

Johnson was glad to see guard Jeff Turnbull healthy again. Turnbull had 19 against the Warhawks, 15 against the Sequoits.

Antioch, which lost to Lake Forest the next night, received 37 points from Woods.

"We played pressure defense and we did not want the other players to score and we wanted Woods to work for everything he got. He can't score everytime down the floor," Johnson said.

The strategy worked, as the next highest scorer had six points.

Stevenson started fast with a 24-11 run after one.

Against North Chicago, the Pats were up against a team which could do no wrong and trailed 48-40 at halftime.

Stevenson pulled away to the 97-76 win, scoring almost one-third of the points in the last eight minutes. In addition to Justus' show, the Pats got 18 from Chad Pohlmann.

'Giving the Gift of Fun' for the disabled

"Giving the Gift of Fun" was the theme adopted by the Special Recreation Foundation for this, the charter year of fund raising for local special recreation programs for children and adults who are disabled.

The theme became a reality for the many participants of the Northern Illinois Special Recreation Assn. as \$6,100 was granted for program scholarships, a television, a video cassette recorder and an emergency communications system for agency vans.

In its first year of existence, the Special Recreation Foundation raised more than \$12,000 from its membership drive, golf outing, day at the races and Oktoberfest fund raisers.

The mission of the foundation is to financially support special sports and recreation services provided to local children and adults who are disabled. The Northern Illinois Special Recreation Assn. has provided such services since 1976.

As an extension of six local park districts and three cities/villages, NISRA

anticipates that with the continued support of the Special Recreation Foundation and other local businesses and service clubs, the association can continue meeting the growing demand for Special Olympics and other therapeutic recreational services in years to come and minimize funding from its member communities.

NISRA member communities include Barrington, Cary, Crystal Lake, Dundee Twp. Marengo and Wauconda park districts, and the cities and villages of Harvard, McHenry and Lake Zurich.

The founding board of directors of the foundation include David Hubbard, Financial Planning Consultants, Inc., president; Michael Deacon, First Colonial Bank of McHenry County, treasurer; Shirley Murdock, Barrington, secretary; Jan Manhold, Lake Zurich, fund raising chairman; Randy Recopelle, Wauconda; Eric Burns, Cary; and Candy Hilbrandt, Crystal Lake. The foundation currently has nearly 100 members.

Leginski beats the buzzer, MHS with dramatic basket

Mark Leginski did not know if it would be counted as two or three points.

"I did not have time to see if it was a two or a three. I just released it," Leginski said of a game-winning shot against Mundelein.

Leginski, who did not start the game, hit his only basket, a baseline jumper in overtime that provided Warren with a dramatic 69-67 overtime win against

Mundelein.

The only thing that was missing was post-season implications as Warren improved to 9-5 in the North Suburban Conference, 14-8 overall. Mundelein has the same record.

"We ran a play for Ryan Taylor one-on-one and he found Leginski open," Warren Coach Darrel Bader said. "My man (Kyle Kessel) went to double team on

Taylor and Ryan saw me," Leginski said.

Kessel and the Mustangs had good reason to be wary of Taylor. The senior owned the overtime, scoring all four Warren baskets before Leginski's heroics.

"He (Kessel) played belly-up to me, but I think I am one of the quicker players in the league. As small as I am (5-11), I can spin and

get lose balls," Taylor said.

Taylor had high praise for

the post players, who leaped

over Mundelein for key re-

bounds, even though

Mundelein won that battle

36-22.

"Mundelein is big but can't jump as well," Taylor said.

Carmel girls survive a test

Offense wins games, defense wins championships.

That's an old basketball adage, but one which rang true Monday as Carmel's girls basketball team survived a scare from

Mundelein, winning a 49-46 regional battle.

Carmel (15-10) advances behind the play of Natalie Gambit who led the team with 14 points, to a regional final clash with Libertyville. At stake was a

spot in the Highland Park sectional semifinals on Feb. 22.

Gambit averages 14 points. Her contributions were helped by senior Robbin Sticha, who scored 12 points.

Warren Twp. High School's girls basketball team used a 17-6 start to take control and down Antioch 68-35 in its own regional.

Warren (19-6) received 14 points Julie Minushkin. Erin Webster had 13, Marlene Elfering 11 and Katie Geroulis 10.

"It was a balanced scoring

attack. It was the first time we had four people in double figures," Warren C Coach Bruce Campbell said.

"They put on a 2-3 zone. We got our shots, but they were not falling and we had 10 turnover violations in the first half, which is ridiculous for the last game of the season," Antioch Coach Karen Whalen said.

Malene Gooch led Antioch (5-21) with 11 points.

Warren High's musicians to host conference concert

Warren Township High School will host the North Suburban Conference (NSC) Choral Festival on Monday, Feb. 22.

Over 700 singers and musicians from eight NSC schools will arrive at Warren at 9 a.m. to begin a day of rehearsals, which will culminate in a 7 p.m. concert in Warren's gymnasium.

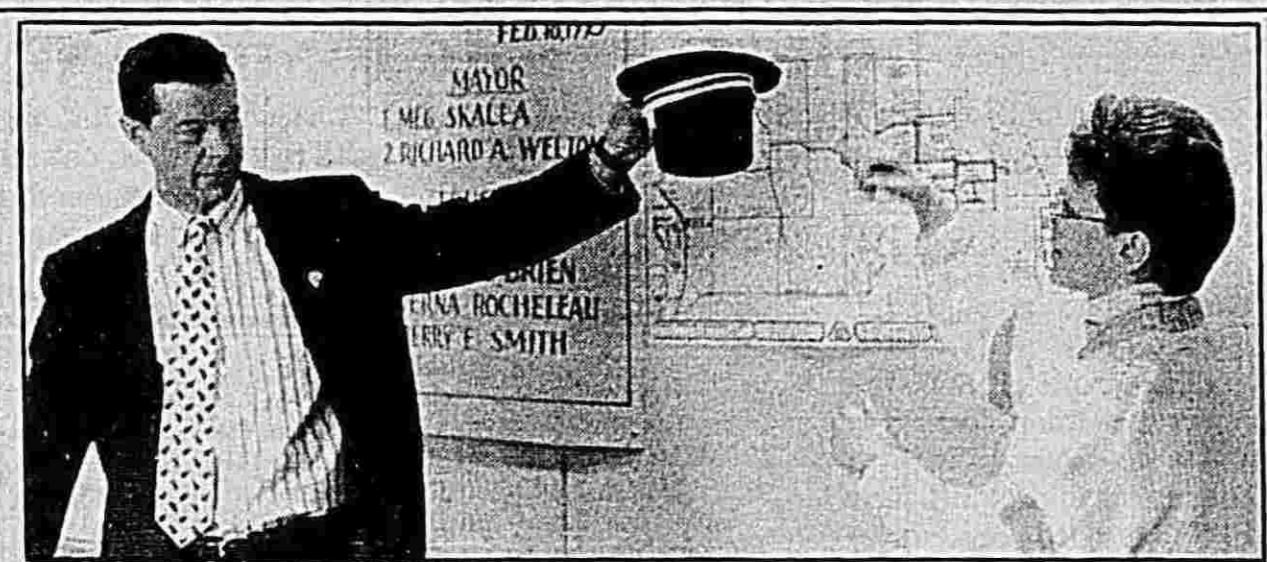

The free concert, which is open to the public, will feature classical and popular selections ranging from Mozart and Bach to Gershwin and Rodgers. The Mozart selection will feature one soloists from each school and a 60 piece All-

Conference Orchestra comprised of the first and second chairs from each school. The Choir Boosters Club will also be taking orders for tapes of the concert and will be selling festival T-shirts.

Warren Choral Director Allen Myren is coordinating the festival, and distinguished conductors and clinicians will direct the rehearsals, lead sections, and conduct at the evening's concert. Dr. James Stegall is Assistant Professor of Music at Western Illinois University if Macomb where he has directed their choral program for the past four years. he received the

Kemper Doctoral Fellowship and the Graduate Achievement Award while pursuing his Doctorate at the University of Missouri-Kansas City.

Dr. Eph Ehly will direct the mixed choirs. He is considered on of the top seven most sought after clinicians in the country and has appeared in 45 states, Canada, Brazil, Mexico, Japan, and Europe as a clinician and director. He is currently the Chairman of Vocal Studies at the Conservatory of Music, University of Missouri-Kansas City, where the trustees selected him for their Teaching Award of Excellence.

The first name is...

Gurnee Village Admin. James Hayner, left, juggles the names in a hat before Connie Dinsmore prepares to draw them. Lottery was held for four trustee candidates and two mayoral candidates in April 20 vote. Mayor Dick Welton and trustee Jerry Smith will be first on the ballot.

SHARE/food stretches area grocery budgets

Making those food dollars stretch is always a challenge. But the SHARE/Food program sponsored locally by the Antioch Exchange Club can help food dollars go a long way.

SHARE/Food members pay \$15 per month and two hours of volunteer time. In exchange they get a well-balanced package of food worth more than \$40. The package typically contains several types of meat, various vegetables, fruits, plus staples such as pasta, rice and cereals. The food is high-quality and brand name and the package also contains a newsletter with recipes and meal plans.

SHARE/Food is not a government subsidized program and anyone, regardless of economic status, can join. Members pay their \$15 and commit to two hours a month of volunteer service. The volunteer hours can be spent helping package and

distribute the Share/Food packages.

To sign up for this program, bring their money to one of the following locations by 1 p.m. March 13: State Bank of Antioch, First National Bank of Antioch, Lake Villa Township Office, and the State Bank of Antioch Lindenhurst Facility.

Pick up will be on March 27 at the Antioch Veterans of Foreign Wars Hall from 9:30 a.m. to 10:30 a.m.

SHARE (Self-Help and Resource Exchange) founded in 1983, is a non-profit, grass roots organization with outreach to communities in Chicago, Northern Illinois, Indiana and Southern Michigan.

For more information, call the SHARE/food Coordinators Claudette Skvarce at 395-6744, Ardeen Harris at 395-2761, or Yolanda Obermaier at 395-7554.

Free throw winners

The Antioch and Lake Villa Chapters of the Knights of Columbus held their annual free throw contest for 10-14-year-old boys and girls. Each child shot 15 free throws, with the winners of each category advancing to the regional competition at Round Lake's St. Joseph School. The winners were 10-year-olds Ari Brown and Beth Shore, 11-year-olds Mike Miller and Mandy Fasano, 12-year-olds John Scully and Anissa Adams, 13-year-olds Kevin Chudd and Deanne Dalgaard, and 14-year-olds Anthony Fillipp and Christine Loui.

CAUSE sees answers in energy conservation

by THOMAS STEVENS
Lakeland Newspapers

Citizen's Against UnSafe Electricity Spokesman Jim Pierce believes there are other alternatives to Commonwealth Edison's plan to add new power lines through Lake Villa and Antioch Townships.

According to Pierce, CAUSE wants Edison to investigate the opportunities in energy conservation pilot programs, like some many other utility companies are doing across the country.

"We believe Edison should be looking into other power alternatives to this power line," said Pierce. "If providing energy is Edison's main concern, then let's conserve energy and find ways to better use what energy we already have."

CAUSE and the Illinois Department of Energy and Natural Resources, in connection with the University of Illinois Small Homes Council, will be working with the Lake County Community Action Project to test area homes on how fuel efficient they are and give the home owners real answers on how to better insulate their homes.

This program uses a scale of zero to 100 to rank a home's energy savings, with 100 the "most efficient" mark.

LCCAP team leader Tom Seno said that the group is primarily focusing on low or fixed income families, where energy bills skyrocket during the winter months.

However, Pierce sees this project as more than just a helpful program for the less fortunate.

"This type of program should be available to all Edison's customers in an effort to reduce energy consumption," said Pierce. "We really want to see a pilot program to control the demand side. Fuel efficient homes benefit everyone."

Pierce sites the pilot programs started in other utilities, like Wisconsin Electric, where they funded a home efficiency program that helped homeowners purchase more fuel efficient windows, insulation and visibly showed air leaks in the home through a variety of testing experiments.

Recycle holiday white foam now

An Antioch material company is offering to recycle area consumer's used packing materials as a part of a nation-wide recycling campaign to give Mother Earth a gift.

Tuscarora Integrated Materials Group, located at 182 Ida Ave., invites consumers to drop off their EPS (expanded polystyrene) white foam and "peanuts".

Residents can bring the foam, which is used as packaging material to protect, insulate and cushion all types of gifts and electronic products, to the material company from 8 a.m. to 4 p.m., Monday through Friday. Tuscarora's EPS recycling program will be a permanent, year-round program.

"Manufacturers always generate a considerable amount of foam packaging," said Brian LaCourse, manufacturing manager at Tuscarora. "As a manufacturer of EPS foam packaging, we recognize our responsibility to ensure its proper disposal. That is

why we want to encourage those who use our product to give it a second life through recycling."

According to LaCourse, the foam will be collected and ground up and used for toy fill and bean bags.

PUBLIC NOTICE

The following parcels of property, acquired through the Tax Sale Certificate Program, are being offered for sale by the County of Lake.

Written bids should be submitted to the County of Lake, Tax Extension Department, Room 601, 18 N. County St., Waukegan, Illinois, 60085.

Charlie's chummy

Charlie is a healthy 11-month-old neutered male short hair cat. This handsome brown tiger has a thick soft coat, with gold tipping, a white chest and four white feet. He also has lime green eyes and a pink nose.

Charlie is a sweet lovable boy who loves to be held up against your shoulder like a baby. Full of personality, Charlie will nudge you for attention, nuzzle his nose into your neck and loudly purr a smile onto your face. He adores people and is exceptionally friendly, playful, outgoing cat. If you're looking for a special family cat, Charlie deserves three cheers and a loving home!

Charlie is available in Collar E25 at Orphans of the Storm, 2200 Riverwoods Rd., Deerfield. A cash donation of \$40 includes free spay, collar, two weeks medical care, first shots, FELV test and more.

Hours are 11 a.m. to 5 p.m. seven days a week. Call 945-0235 for further information.

Better Buy Convertibles

Many of us have air conditioners in our cars. All of us who have air conditioners will not be allowed to use them in a few years. The government has placed a ban on freon, which is used in car air conditioners. When this ban takes place in a few years, you will not be allowed to use your air conditioners without spending hundreds of dollars on the replacement refrigerant. In other words, all those nice cars without air conditioning will be worthless. All of us who live in western Lake County will have to spend hundreds of dollars to make the old car serviceable, or tens of thousands of dollars to buy a new car. Talk to your congressman and car dealer about it. Listen to who tells the truth.

Town Lacks Community

My husband and I just moved our family to Island Lake. I'm sorry we even bought our home here. Being a young couple with children, I didn't know better than to look further into the community. I am constantly shocked by the lack of community. I can't believe there's no school here for grade schoolers. My daughter starts kindergarten this year and I was shocked to hear that they share the high school. Also, there is no public playground out here. Where is the voice of the parents? Where does all the tax money go? I can't believe parents don't say anything. The children's section in the library, which is very, very small, doesn't even have programs.

Clean Up After Pets

This is from Gurnee. I wish people would have the common decency to clean up after their dogs, especially near the bus stops.

Kids' Health Jeopardized

Fox Lake is endangering our kids' health. The town is putting an asphalt plant one-half mile from Big Hollow School. Why? Not one trustee had an intelligent answer.

Don't Torture Animals

The Wauconda School should not be torturing kittens and other animals.

Open Ears; Shut Mouth

I want to comment on the person who said cops spend their time in convenient stores eating doughnuts and drinking coffee. You are all wet! Keep your ears open and your mouth shut. I respect the police and you should, too. I'm from Round Lake.

County Is Full Of Gambling

I don't understand why there is so much concern about bringing gambling to Lake County. Gambling is nothing new. In the 1950s and '60s, almost every tavern in the Chain O' Lakes area had a slot machine. We have syndicated gambling going on regularly in Volo, Half Day, Wadsworth, Waukegan, Fox Lake and Antioch. I am totally familiar with this because I worked with the sheriff's department. There was also open prostitution in Volo, Half Day, Wadsworth, and on the Chain. In fact, some of this is still going on. The sheriff's department just closes its eyes to it. All we're talking about is making gambling legal so we can tax it and make some money off it.

What Are Your Thoughts?

This week's Lipservice question is: Should Lake County expend its efforts to save Great Lakes Naval Training Center? Thank you for all the responses to last week's question.

—Last Week's Question—

Why will you/won't you vote in Lake County's spring election?

I won't vote in the election because no matter who you vote for, the person never does what the community wants him to do. There is no more representation of the people. I'm from Round Lake.

I won't vote in the election because just like all other politicians, nothing ever gets done. I'm from Gurnee.

I will vote in the election because I want to get the riverboats out of our area. I'm from Antioch.

I won't vote because there's nobody decent to vote for. I'm in Lake Zurich.

I will vote because our village leaders don't know what they're doing. I want to get some fresh blood in there. I'm from Antioch.

I will vote for none of the above. I'm from Wauconda.

I will vote because this is our chance to truly elect who we want in local office. If we want changes, we've got to vote.

I will vote because I don't want the anti-riverboat people making the call for us. I think all of our voices need to be heard. So I'm gonna vote early and often!

I will vote in the spring election. I'm a purist and I think we need leaders, no matter how bad. If the individual is bad, we get him or her out of office. I'm from Vernon Twp.

I will vote because we need to keep riverboats out of Lake County. I'm from Antioch.

I will vote in the spring election because it's my chance to choose the mayor and other officers I think will do the best job for the village. For the people who don't vote, they shouldn't complain about how the village is begin run.

Move Casino To Fox Lake

This is another comment on the riverboat casinos in Antioch. I think we should have a land-based gambling operation. It could be open 24-hours a day, 365-days a year. It shouldn't be in Antioch; it should be in Fox Lake. Why Fox Lake? Well, Sears is closing and there will be an empty building. That should make everybody happy, right? As far as traffic is concerned, you'll get a lot of help with that Metra train coming up there. It's almost walking distance from the train. Roll that one around and let's see what happens.

Let's Be Fair

Large parking lots have only 1 to 2 percent of their spaces reserved for the disabled, as required by Illinois law. When people only see two of five filled, they complain that there are too many spaces. Why don't they complain about the parking lot having only 200 of its 500 regular spaces filled?

Maybe Mom Was There

This is in response to "Don't Sell At Night." Does that person know that the girls were alone? Maybe the mother was at the end of the driveway or in a car. If they were alone, they shouldn't have been.

'Golden' educators are listed

Thirty outstanding sixth through eighth grade teachers from Lake, Cook and DuPage counties have been named finalists in the Golden Apple Teaching Awards.

Lake County finalists are social studies teacher Robert A. Dawson, Magee Middle School, Round Lake and science teacher Beverly Sussman, Twin Groves School, Buffalo Grove.

Ten of the finalists will be selected as winners in March.

The 30 finalists, chosen from more than 1,100 nominations throughout the three-county area, will be honored at a symposium on Feb. 20.

Throughout February, the finalists are being observed in their classrooms by volunteer members of the foundation's 80-person selection committee, composed of Chicago-area educators. During the observation visits, committee members also interview the candidates, peers, administrators, students and students' parents.

Each of the 10 winners will receive \$12,500, a paid sabbatical at Northwestern University, an IBM computer and membership in the Golden Apple Academy.

Bulls ticket winners are announced

Big Brothers/Big Sisters of Lake County congratulates Terry Kearney of Lake Bluff, Jean DeVera of Antioch and Venetia Park of Gurnee who each won a set of four box seat tickets to see the fast-pace exciting play of the NBA World Champion Chicago Bulls.

Over 3,000 people entered the drawing which benefits the agency in its efforts to recruit and screen new volunteer Big Brothers and Big Sisters to be matched One-To-One with children waiting.

Volunteers are needed to provide companionship, guidance and role modeling. Call 360-0770 for more information on how you can make a difference in a child's life.

Two named to sorority

Several Lake County residents have become active members of Sigma Sigma Sigma social sorority at Western Illinois University. The chapter has 89 members.

Students accepted into the sorority are Cindy Tippy, daughter of Nancy Tippy, Buffalo Grove; and Charlene Bostick, daughter of Joyce Bostick. Charlene is a 1991 graduate of Round Lake Senior High School. Bostick is spirit chair for her pledge class.
